# Welcome to Grossmont College!

## *A message from the president*

*T*hank you for choosing Grossmont College!

While resolutions are often a part of our thoughts each January, I encourage you to consider what resolutions you'll make as a student in spring 2020. Perhaps you'll aim for a specific GPA, to better balance your life and work in and out of the classroom, or even to simply have fun exploring the educational opportunities available to you.

Whatever your "resolution" – please know that we resolve to help you pursue your dreams, whether you're embarking on your college experience, continuing your pursuit of your educational goals or updating your skills for a new career. From career planning and transfer counseling to tutoring and

the support of our success coaches, we deeply care about your development as a student and future professional. Please visit Bldg. 10, 60 and 70 where many of our student support services are located. Your success here will only be enhanced by doing so.

Lastly, while some construction projects will be completed by January 2020, others will begin during that time. Just like previous students got by during the construction of today's amazing facilities, I thank you for your patience during the inconvenience of today's construction. Please know that future students of Grossmont College will thank you.

I wish you success in pursuing your dreams with passion and commitment.

Nabil Abu-Ghazaleh, Ed. D.  
President

If you believe you have met the prerequisite, visit our web site at [www.grossmont.edu/assessment/prerequisite](http://www.grossmont.edu/assessment/prerequisite). If the prerequisite has not been met, an alternate course should be selected.

## WAIT LIST PROCESS

Wait lists for all classes begin the instant that classes close due to full enrollment. Students **cannot be added to a wait list IF:** (1) it is prior to student registration appointment; or (2) the student is already enrolled, or on a wait list, in another section of the same class; or (3) the wait list is full; or (4) the class has started. Students are added to the wait list for a class on a first-come, first-served basis.

**As seats become available**, students are automatically added to the class in which they are wait-listed. **Students will not be added to a class IF:** (1) the class will cause a time conflict with another class on the student schedule; or (2) the class will cause the student to go over the maximum number of units allowed; or (3) another section of the same course is already on the student schedule; or (4) the student has a HOLD which prohibits registration. The student will be **billed immediately** once the student has been successfully moved from the wait list into the class and an **email notice** will be sent to the **student email address on record**. It is the **student's responsibility** to update all of their contact information in the Admissions and Records Office. To check and keep your information current, please use the Update Personal Information link under User Account on the WebAdvisor Student Menu.

**For students that were not registered from the wait list:** (1) student cannot view wait-listed classes after semester begins; (2) on the first day of class, instructors will determine the number of open seats; (3) spaces may be offered to students in the order their names were added to the wait list; (4) if a space is offered to a student, the instructor will give the student an authorization code; (5) the CODE must be used by the "use by" date.

**Students are responsible for all fees generated from added classes;** includes all forms of adds via web, moved from wait list, or by an add card. Students are responsible for monitoring their schedule and fees using WebAdvisor.

## UPDATING YOUR RECORDS

- **What is my User ID?** User I.D. is your first name, a period and your last name (firstname.lastname); and is in lower case. Your user ID may contain numbers. Go to the WebAdvisor webpage and select "What is my user ID?" from the Student Menu. Provide the required information to obtain your user ID.
- **What is my Colleague I.D.?** Colleague I.D. is a unique 7 digit student identification number assigned to you by the college (replaces social security number as I.D.).
- **What is my Password?** The initial Password is your PIN (birth date - MMDDYY). Upon first login you will be required to choose a NEW password (must be 6-9 characters, using both letters and numbers, and is case sensitive).
- **Address and E-Mail Changes:** Login to WebAdvisor, click *Students*, click *Address Change* and update your information. We will be corresponding to you via e-mail regarding registration information, class change notifications and other important messages; therefore, it is important that your e-mail is correct. **Please make sure you have the college domain (gcccd.edu) on your Safe Sender list.**
- **Academic Program (Major Code):** You may update your Academic Program (major) by submitting an Academic Program Change form to the Admissions and Records Office.

## IMPORTANT COURSE REPETITION CHANGES

The California Community College Board of Governors recently passed revisions to Title 5 regarding course repetition that took effect during the 2012 summer semester. Students will only be allowed to enroll in a course three times if they received a substandard grade (D, F, NP or NC) or withdrew from the class with a "W." Students with extenuating circumstances may seek approval to enroll in a course for the fourth time through the petition process. These changes do not contain a grandfather clause so any student that has already taken a course the maximum number of times will no longer be able to take the same class within the Grossmont-Cuyamaca Community College District.

### Course Repetition and Receiving Federal Aid

Students can only receive financial aid for up to one (1) repeat of any course with a passing grade (A, B, C, D, and P grades are considered passing for financial aid purposes).

**Get your ID  
cards at the  
Admissions and  
Records Office.**

**SATURDAY CLASSES WILL HOLD EXAMINATIONS ON SATURDAY, MAY 30, AT NORMAL CLASS HOURS. SHORT-TERM CLASSES WILL HOLD EXAMINATIONS ON THE LAST MEETING OF THE CLASS.**

The examination time of a combination lecture and laboratory course should be determined by the lecture. Laboratory examinations, if required, should be given prior to Finals Week. Such examinations should not

be given in lieu of any final examination for the entire course.

For those students who have overlapping final exams, they are advised to work with their instructors to reschedule their exams. Each examination will be given in the regular classroom unless otherwise arranged by the instructor with approval of their dean and Instructional Operations.

In the event a severe illness or an emergency prevents a student from taking a final examination during the regularly scheduled time, instructors must be notified and the student must make up the examination as soon as possible. In all cases the illness or emergency must be verified.

# An Innovative Learning Community

## Project Success – Linked Courses

Students benefit from:

- Two and three courses linked in content, ideas, and activities;
- An opportunity to discover connections between subject matters and disciplines.

As a participant in a learning community:

- You will work with your instructors and other students in the community to understand diverse perspectives and encourage the sharing of knowledge;
- You will evaluate shared readings, and participate in assignments developed by the instructors;
- You will complete more units and earn a higher GPA than students with similar skills who did not participate in the Project.

## Enrollment in a Learning Community

Learning Community courses are identified by a footnote below the course listing. These footnotes indicate the courses that are linked. You must enroll in all courses indicated in the note. Questions? Call Sydney Brown (619) 644-7523.

## Project Success – Honors Courses

Honors courses are reserved for new students with a high school 3.2 GPA and continuing students who have completed 12 units and have maintained a 3.2 GPA. Prerequisites for English courses also must be met.

## Project Success—Contextualized Course Links

# EXERCISE SCIENCE AND WELLNESS

Students should progress from beginning through intermediate and advanced levels in the courses that have an "ABC" designation to facilitate success, and should not move backwards in levels. The only courses that may be repeated are the intercollegiate athletic courses numbered 200-240, 262 and 263, which may be taken 4 times maximum. No other ES courses may be repeated for credit. Intercollegiate athletic courses do NOT meet the Fitness/Wellness requirement.

Towels will NOT be supplied by the college. If students wish to shower on campus, they must provide their own towels. There will be NO TOWEL EXCHANGE AVAILABLE.

LOCKERS ARE TO BE USED DURING CLASS TIME ONLY. There are NO lockers available for students to use long-term. Any lock found on a locker longer than one day will be cut off and the contents of the locker removed. Students enrolling in exercise science classes and using campus lockers must use combination locks only. This policy is in accordance with security and Fire Marshall regulation.

Heavy duty locks (available in Bookstore) are highly recommended.

### **CLASS ATTENDANCE**

It is important to attend the first meeting of all classes. If students are unable to do so, the instructor should be notified. Failure to attend the first class may result in the student being dropped from the class. Regular attendance is expected of every student. A student may be dropped from class due to poor attendance when, in the judgement of the instructor, the student cannot benefit from further instruction. The student who has been absent due to illness or medical treatment should inform the instructor as to the cause of absence.

## STUDENT WITHDRAWAL AND GRADE RESPONSIBILITY

You are held responsible for all classes for which you register. This includes attending all class sessions, being prompt in your attendance, and meeting instructor course requirements. If, for some reason, **you decide to withdraw from a class(es), it is your responsibility to withdraw properly.** You may drop classes by using WebAdvisor at [www.grossmont.edu](http://www.grossmont.edu), or by coming to campus and picking up a Drop Card from the Admissions and Records Office, accurately and thoroughly completing the card, and filing it with the Admissions and Records Office. The official date of withdrawal is the date by which the withdrawal form is filed with the Admissions and Records Office. If this is not done, you may receive a grade of "F" and all fees will apply.

If you are enrolled in classes past the last day to drop, you will receive a grade. This means you must receive a grade other than the "W." In order to avoid receiving a grade, you must officially drop your class(es) no later than the deadline.

For refund deadline, see calendar (inside front cover). Other short term courses have different deadlines. Please see the Short Term Course listings on pages 16-29.

### STUDENTS ENROLLED IN DISTANCE EDUCATION (online) COURSES

Students who are only enrolled in distance education (online) courses **must reside in California** during that semester to be eligible for financial aid. Students must verify their place of residence with the Financial Aid Office. If you are enrolled in online courses only and live outside of California, you are not eligible for federal financial aid. For more details, please visit the Financial Aid website at [www.grossmont.edu/fa](http://www.grossmont.edu/fa) or call (619) 644-7129.

## WITHDRAWALS AND THE REPAYMENT OF FINANCIAL AID FUNDS

Students receiving federal financial aid, who **withdraw from all of their classes during the first 60% of a term**, will be required to repay a portion of the federal grants that they have received. That is because a student must "earn" their financial aid. Financial aid is "earned" for each day you are enrolled in the semester.

For example, if you enroll in the fall semester on August 23 and withdraw from all of your classes on November 2, you will have "earned" 58 days worth of financial aid eligibility. The amount you have to repay will depend on the number of days you were enrolled compared to the number of days in the semester. Because there are 120 days in the fall semester, you would have only earned 49.2% of the aid you received (59 days/120 days in the term = 49.2%). If you had received a \$2000 Pell Grant award for the semester, you would have only earned \$984 of the Pell Grant ( $\$2000 \times 49.2\% = \$984$ ). Because you have received \$1016 more financial aid than you "earned" ( $\$2000 - \$984 = \$1016$ ), you will be required to repay half of the amount you did not earn. The amount you would be required to pay back in this case would be no more than \$508.

Students who stay in classes until 60% of the term is completed won't owe anything back to the federal

government. For **Spring 2020** that means you must be enrolled and attending classes until **October 30, 2019**, to be eligible for all the financial aid you received. If you drop all of your classes before **October 30, 2019**, you will be billed for a portion of the Pell Grant and/or SEOG grant that you received in the Fall. For **Spring 2020** that means you must be enrolled and attending classes until **April 15, 2020**, to be eligible for all the financial aid you received. If you drop all of your classes before **April 15, 2020**, you may be billed for a portion of the Pell Grant, Direct Loan, and/or SEOG grant that you received in the spring.

**Please note: If you fail all of your classes in a term, you will have only earned 50% of the Pell, Direct Loan, and/or SEOG that you received and you will be billed for the amount you did not earn.**

If you are required to repay funds to the federal government, you will be billed and you will have 45 days to repay the funds in full or to set up a repayment schedule. You will be ineligible for any further financial aid at any college in the United States if you fail to repay the funds in full or set up a repayment schedule and make repayments according to the repayment schedule.

## PREREQUISITES

A **prerequisite** is a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.

A **corequisite** is a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

An **advisory on a recommended preparation** is a condition of enrollment that a student is advised, but not required, to meet before, or in conjunction with, enrollment in a course or educational program.

All courses shall be open for enrollment to any student who has been admitted to the college, except that students may be required to meet necessary and valid prerequisites. In addition, the District may also limit enrollment in a course based on health and safety considerations, facility limitations, or legal requirements imposed by statute or regulations.

A student who does not meet a prerequisite or corequisite or who is not permitted to enroll due to a limitation on enrollment but who provides satisfactory evidence may seek entry into the course as follows:

1. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the college shall reserve a seat for the student and resolve the challenge within five (5) working days. If the challenge is upheld or the college fails to resolve the challenge within the five (5) working day period, the student shall be allowed to enroll in the course.

If no space is available in the course when the challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

2. Grounds for challenge are:
  - a. The prerequisite or corequisite has not been

established in accordance with the college's process for establishing prerequisites and corequisites;

- b. The prerequisite or corequisite is in violation of Title 5 regulations (Section 55002);
  - c. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
  - d. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
  - e. The student will be subject to undue delay in attaining the goal of his or her Student Educational Plan because the prerequisite or corequisite course has not been made reasonably available. If other courses are available which meet the same requirement, the student is not being delayed. There is no obligation to honor the student's preference.
  - f. The student has not been allowed to enroll in a course due to a limitation on enrollment established for (a) a course that involves intercollegiate competition or public performance, or (b) a course limited to a cohort of students. The student shall be allowed to enroll if he or she would otherwise be delayed by a semester in attaining the degree or certificate specified in his or her Student Educational Plan.
  - g. The student seeks to enroll in a course which has a prerequisite or corequisite established to protect health and safety, and the student demonstrates that he or she does not pose a threat to himself or herself or others.
3. The student has the obligation to provide satisfactory evidence that the challenge should be upheld. However, where facts essential to the determination of whether the student's challenge should be upheld are or ought to be in the college's own records, then the college has the obligation to produce that information.

Challenges to a prerequisite or corequisite should be filed with the Vice President of Academic Affairs. All challenges will be resolved by a committee consisting of the Vice President of Academic Affairs, Dean of Counseling Services and the Department Chair or Coordinator of the course with the prerequisite or corequisite in question.

Students wishing to challenge prerequisites or corequisites for any other reason should do so using the Student Due Process Procedures available in the Student Affairs Office, Room 60-204.

## GRADING PROCEDURE

When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course, and the determination of the student's grade by the instructor in the absence of mistakes, fraud, bad faith or incompetency, shall be final (Section 76224 California Education Code).

## ACADEMIC INTEGRITY

The faculty, administration, and staff of Grossmont College, in creating a culture of academic excellence, value honesty and integrity in all aspects of learning, working, and participating in the college community. Moreover, we believe that those who value learning would never view cheating (copying or otherwise presenting work that is not one's own) and plagiarism (presenting another writer's ideas, materials, images, or words as one's own without proper citation) as viable choices within an academic environment. It is incumbent on faculty, in particular, to communicate expectations to students with regard to academic honesty in each class, and it is the responsibility of each student to understand the actions and behaviors that constitute cheating or academic dishonesty within each class as well as in other venues on campus. Students are encouraged to ask questions of their instructors and are expected to read the college's statement on Academic Fraud (located in the class schedule). Penalties for actions inconsistent with classroom, library, and college expectations for academic integrity range from a failing grade on an assignment, exam, or project (which may lead to a failing grade in the course) to, under certain conditions, suspension, or expulsion from a class, program, or the college. For more information, please consult with your instructor or contact the office of the Dean of Student Affairs.

## ACADEMIC FRAUD

The college is an academic community with high standards, and its teaching, learning and service purposes are seriously disrupted and subverted by academic fraud. All students at Grossmont College are expected to comply with the institution's high standards of academic integrity and avoid instances of dishonesty at all times. Such acts of dishonesty include cheating, plagiarism, fraud, false citations or data, and the fraudulent use of Internet resources.

Students are not to commit academic fraud, which is a form of cheating, lying and stealing. It is a serious violation of the Student Code of Conduct, as published in the catalog. The intent of this document is to increase student awareness as to what academic fraud is, to provide strategies to avoid the situations, and to explain the consequences of committing academic fraud. The faculty and administration expect students to have a responsible and sincere commitment to academic integrity during the performance of their instructional activities and completion of assignments or requirements.

Academic fraud includes, but is not limited to, the following situations:

**\*Plagiarism:** Using someone else's ideas or work without proper or complete acknowledgement. Plagiarism encompasses many things, and is by far the most common manifestation of academic fraud. For example, copying a passage straight from a book into a paper without quoting or explicitly citing the source is plagiarism. In addition, completely rewording someone else's work or ideas and using it as one's own is also plagiarism. It is very important that students properly acknowledge all ideas, work, and even distinctive wording that are not their own. Students who are unsure of how or when to properly acknowledge sources are encouraged to consult their instructor.

**\*Cheating:** Copying of any test or quiz question or problem, or work done in a class that is not the student's own work. It also includes giving or receiving unauthorized assistance during an examination whether it was intentional or not. Obtaining or distributing unauthorized information about an exam before it is given is also cheating, as is using inappropriate or unallowable sources of information during an exam. To avoid unintentional copying of work, students should cover their own exams and quizzes, and not leave a test or quiz on the desk where another student may be tempted to look at it.

**\*Multiple Submission:** Use of work previously submitted at this or any other institution to fulfill academic requirements in another class. For example, using a paper from an English 126 Creative Writing class for a Sociology 138 Social Psychology class is Academic Fraud. Slightly altered work that has been resubmitted is also considered to be fraudulent. With prior permission, some professors may allow students to complete one assignment for two classes. In this case, prior permission from both instructors is absolutely necessary.

**\*False Citation:** Falsely citing a source or attributing work to a source from which the referenced material was not obtained. A simple example of this would be footnoting a paragraph and citing a work that was never utilized.

**\*False Data:** Fabrication or alteration of data to deliberately mislead. For example, changing data to get better experiment results is Academic Fraud. Instructors and tutors in lab classes will often have strict guidelines for the completion of labs and assignments. Whenever in doubt about what may be considered Academic Fraud, students should immediately consult with the instructor.

**\*Plagiarism via the Internet:** Occurring with more and more frequency, and taking a number of different forms. As should be obvious, purchasing research papers on the Internet and submitting them as a student's own work constitutes a gross case of plagiarism. Cutting and pasting from a web site without putting the text being used in quotation marks and/or without properly citing the source also constitutes plagiarism. Posting stolen tests online and/or accessing such tests is cheating. Also students should be aware that while many web sites provide reliable information, others may not include well-documented research. Students should be sure to check facts using a variety of different types of resources in order to ensure accuracy.

**\*Intentional Deception:** Submission of false documentation (absence excuse, proof of attendance, volunteer hours, etc.) for falsifying any official college record. A student who misrepresents facts in order to obtain exemptions from course requirements has committed an act of intentional deception and may also be subject to the consequences listed below. It is best for a student to do the work as required in a course or speak to the instructor about circumstances that may cause problems in completing forms correctly or honestly.

Students who engage in academic fraud will be subject to authorized penalties at the discretion of the instructor of record in the class. Such penalties may range from a failing grade on an assignment, exam, or project (which may lead to a failing grade in the course) to, under certain conditions, suspension, or expulsion from a class, program, or the college. For more information contact the office of the Vice President of Student Services or the Dean of Student Affairs.

It is worthwhile to note the California Education Code Section 76224(a) states:

*“When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the faculty member of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.”*

The foregoing language indicates that the instructor has sole and final authority in awarding grades based on his/her determination of the quality of the student’s work in the course. Faculty are strongly encouraged to directly report all students found to be in violation of the college standards for academic integrity to the Dean of Student Affairs.

**For further clarification and information on these issues, please contact the Office of Student Affairs at (619) 644-7600.**

## PROHIBITION OF HARASSMENT

*(Administrative Procedures/Board Policy 3430)*

The Grossmont-Cuyamaca Community College District (District) is committed to providing an academic and work environment free from harassment. This procedure defines sexual harassment and other forms of harassment on District property, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student within the District.

This procedure protects students and employees in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities, a District bus or van, or at a class or training program sponsored by the District at another location. The procedure below is based, but may not be limited on the following definitions:

### Definitions

**General Harassment:** Harassment based on ethnic group identification, race, color, national origin, religion, sex or gender, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, military or veteran status, age, or sexual orientation of any person, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment. For example, repeated derisive comments about a person's competency to do the job, when based on that person's gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct:

- **Verbal:** Inappropriate or offensive remarks, slurs, jokes, or innuendoes based on a person's race, gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status, or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats, or intimidation; or sexist, patronizing, or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation, or other protected status.
- **Physical:** Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling, or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person's gender, race, national origin, sexual orientation, or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the

victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

- **Visual or Written:** The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics, or electronic media transmissions.
- **Environmental:** A hostile academic or work environment exists where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation, or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders, or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his or her immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.

**Sexual Harassment:** In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other conduct of a sexual nature when:

- Submission to the conduct is made a term or condition of an individual's employment, academic status, or progress;
- Submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
- The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment; or
- Submission to, or rejection of, the conduct by the individual is used as the basis for any for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

This definition encompasses two kinds of sexual harassment:

- "Quid pro quo" sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual's willingness to engage in or tolerate unwanted sexual conduct.
- "Hostile environment" sexual harassment occurs when unwelcome conduct based on a person's gender is sufficiently severe or pervasive so as to

alter the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single or isolated incident of sexual harassment may be sufficient to create a hostile environment if it is severe, i.e. a sexual assault.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

### **Consensual Relationships**

District employees are strongly discouraged from entering into or maintaining any romantic or sexual relationship with any student or employee over whom they exercise any academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence.

There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty, or staff member must evaluate the student's or employee's work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the event that such relationships do occur, the District has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

### **Academic Freedom**

The Governing Board reaffirms its commitment to academic freedom, but recognizes that academic freedom does not allow any form of unlawful discrimination or harassment. It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom insures the faculty's right to teach and the student's right to learn.

### **Procedure Regarding Complaints of Harassment**

Any person who believes that they are being harassed based on an actual or perceived protected characteristic such as ethnic group identification, race, color national origin, religion, age, gender, gender identity, gender expression, physical disability, mental disability, medical condition, genetic information, ancestry, sexual orientation, marital status, veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or the perception that a

person has one or more of these characteristics may file a written complaint describing in detail the alleged violation. All complaints shall be signed and dated by the complainant and shall contain, to the best of the complainant's ability, the names of the individuals involved, the date(s) of the event(s) at issue, and a detailed description of the actions constituting the alleged violation.

The District may return without action any complaints that are inadequate because they do not state a clear allegation of harassment or violation of the anti-harassment policies.

The District shall investigate all complaints of harassment. To the extent practicable, a written determination on all accepted written complaints will be issued to the complainant within ninety (90) days of the filing of the complaint. The equal employment opportunity officer will forward copies of all written complaints to the State Chancellor's Office.

### **Employment**

Complaints involving harassment in the course of employment or attempting to secure employment must be filed as soon as possible after the occurrence of an alleged violation and not later than sixty (60) days after such occurrence unless the complainant can verify a compelling reason for the District to waive the sixty (60) day limitation.

If an employee or applicant for employment feels they have been harassed and would like to file a complaint, complaint procedures can be found on the District's Equal Employment Opportunity website, or by contacting the office of the Vice Chancellor for Human Resources and Labor Relations.

### **Students and Visitors**

Complaints alleging violations that do not involve hiring processes must be filed as soon as possible after the occurrence of an alleged violation and not later than ninety (90) days after such occurrence unless the violation is ongoing.

Information on District college complaint procedures can be located in the policy/procedure on harrassing handbook or by contacting the Office of Student Affairs at either college.

### **STUDENT CODE OF CONDUCT**

The Dean of Student Affairs in conjunction with the Vice President of Student Services administers the District's Student Conduct Procedures. The procedures ensure a safe environment for members of the campus community, for their academic studies, and for work.

Students are subject to the policies and procedures of the Grossmont-Cuyamaca Community College District, as well as all federal, state, and local laws. Students are subject to student conduct action when prohibited behavior is committed on District-owned or controlled property or at District-sponsored activities.

Student conduct must conform to district and college rules and regulations. If a Student Code of Conduct violation occurs while a student is enrolled, he or she may be issued administrative action.
