Math Academy

What is Math Academy?
- Math Academy consists of two math classes:
  1. Math 88 (Pre-Algebra, 4 units), weeks 1—6 and
  2. Math 90 (Elementary Algebra, 5 units), weeks 7—16.
- The classes are linked, so students must enroll in both classes.
- Students must successfully complete Math 88 (weeks 1—6) in order to continue to Math 90.

Who could benefit from Math Academy?
- Students who were placed in Math 90 (Elementary Algebra) but still need a refresher and don't want to lose a semester by going back to Math 88.
- Students who have taken Math 90 and did not pass.
  Note: Students in this category cannot have taken and passed Math 88.
- Students who are highly motivated and ready for fast-paced, demanding classes.

What are the requirements?
- To be in Math Academy a student must commit to enroll in a maximum of 12 units for the semester. Math Academy is a total of 9 units, so students are allowed to enroll in no more than 3 additional units.
- Math Academy Students who work are asked to limit their work hours to about 20 hours per week.

What do students get?
- If the maximum unit requirement (listed above) is followed, students will receive book vouchers to check out Math 88 and Math 90 textbooks free of charge from the library.
- Math Academy gives students the opportunity to complete both Math 88 and Math 90 in one semester.

The two Math Academy sections for Fall 2015 are:

<table>
<thead>
<tr>
<th>Math 88 Section 9447</th>
<th>MTWTh 9:00 AM—11:30 AM</th>
<th>Bldg 53, Room 554</th>
<th>Instructor: Arturo Millan</th>
</tr>
</thead>
<tbody>
<tr>
<td>Math 90 Section 9501</td>
<td>MTWTh 9:00 AM—10:50 AM</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Math 88 Section 3356</td>
<td>MTWTh 12:30 PM—3:00 PM</td>
<td>Bldg 53, Room 554</td>
<td>Instructor: Shirley Pereira</td>
</tr>
<tr>
<td>Math 90 Section 3370</td>
<td>MTWTh 12:30 PM—2:20 PM</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
