Upon completion of the nursing program the nursing graduate will:

1. Provide holistic patient care utilizing critical thinking within the framework of the nursing process and evidence based principles to provide safe patient care. (SLOs 1, 2, 3, 4)

2. Communicate effectively when providing care for multicultural patients within a multidisciplinary healthcare system. (SLO 5)

3. Safely implement the professional nursing role as defined by the California nurse Practice Act and the American Nurses Association’s principles of ethical practice. (SLO 6)

4. Engage in life-long learning as part of the professional commitment to the Registered Nursing role. (SLO 7)
