

## CSU/IGETC Certification

### Chapman University College - Adult Learner

Chapman University recognizes the full CSU GE and UC IGETC certifications as meeting all Chapman University College General Education Basic Skills and Breadth requirements provided it is completed prior to matriculation.

Recommendations for certification courses for CSU/UC based on prerequisites and major requirements:

Area A3 Critical Thinking / Area 1B English Communication Critical Thinking

-Writing course under English (courses equivalent to ENGU 104)

Area B4 Mathematics/Quantitative Reasoning / Area 2 Mathematical Concepts and Quantitative Reasoning

-Statistics (courses equivalent to MATU 203 or PSYU 203)

No double counting among GE requirements. Double counting with major requirements is allowed. All approvals listed include honors versions of the courses.

#### Course to course

Students who have not completed certification will have coursework applied towards GE requirements based on course to course approvals. Information on Grossmont College courses and their assigned Chapman course equivalency may be found online at [www.chapman.edu](http://www.chapman.edu) by logging on to Web Advisor for Guests from the QuickLinks or Student resources menu. To locate Grossmont College courses select [Search by Institution](#) under [Transfer Courses for University College](#).

Transfer codes are used for courses that are not exact equivalents to Chapman courses and may be approved for GE, major, or elective credit. A copy of the coding legend is available online which includes a breakdown of codes used for specific GE requirements.
