I. CALL TO ORDER (11:08 am)

Prior to the arrival of a quorum, the Senate informally entertained a question from David Milroy regarding rumors of cancellation of summer class sections. Zoe Close replied that the rumor sounded extreme, but there will be some call for class cuts. The hope is that we can talk about what to cut for Fall before catalog is printed. Chris mentioned that we are facing mid-year cuts that are about twice what we expected with our district share set at $1.3 million. For the 2008-09 academic year, we are looking at the possibility of a 3-5% cut scenario. The Cost-Savings Task Force has reconvened to look at possible cuts. The only section cuts that have been discussed are for the fall semester and the hope is to cut sections that are already or traditionally very low, especially because we usually end up canceling those classes. This will also avoid the issue of trying to enroll students in new sections at the beginning of the fall semester when they may have scheduling conflicts. Right now we are asking the decisions regarding section cuts to occur at the department level.

B. Discussion on Commencement

Chris asked for a short discussion on the potential impacts of the work-to-contract action on the commencement ceremony planning and attendance. Many of the senators indicated that they supported attending the ceremony. Zoe Close indicated that it might depend on what happens with work-to-contract and suggested that further discussion wait until we were a bit closer to the ceremony. Others suggested that faculty could attend but sit in the audience without regalia on to emphasize the faculty struggles with our contract. Many others agreed with this idea. Chris suggested that further discussion could occur at a later time.

B. Basic Skills Initiative and Agenda Items
Chris gave a brief background on the Basic Skills Initiative (BSI) and the process followed by the campus Basic Skills Task Force during the self-assessment and planning retreats. She went through the attached planning matrices and reminded everyone that the full draft Basic Skills plan had been sent to them via email for their review. She asked the senators to share the plan and planning matrices with their departments and to provide her with any suggestions and feedback. There were a couple of questions regarding the effect of budget cuts and the BSI. Chris said that, while the BSI funding may be impacted by the state budget cuts, it has not been affected as of yet. In addition, she indicated that, if the BSI money is cut, the plan itself would need to be adjusted and money for the plan would not come from the general funding for our college.

C. State Academic Senate Resolutions
Chris asked the senators to share the resolutions with their constituents and provide her with feedback. She announced that she would be attending the Area D regional meeting on Saturday, 5 April where additional resolutions may be introduced. In mid-April Chris and Sue will be attending the statewide plenary session in San Francisco and Chris will be the voting delegate from our Senate.

Jan Ford shared that Cuyamaca’s Academic Senate had a spirited discussion about Resolution 4.01 (Concurrent Enrollment) in light of the current district discussions on minors on campus.
