II. **ACTION ITEMS**

A. **Search and Interview Committee Faculty Approval Procedure**

   Step 6 of the PE9 (Hiring Regular Faculty Operating Procedure) outlines the responsibilities of the senate in approving faculty members to serve on the Search and Interview Committees for hiring full time faculty as mandated in an agreement between the Governing Board and the Academic Senates regarding Hiring Full-Time Faculty (dated 1991). The agreement gives the Academic Senate the authority to approve faculty members who will serve on faculty hiring committees. Cathy met with a group of senators to discuss how the senate should approve faculty members to S&I Committees. They developed the following motion for the senate’s approval:

   *The Search and Interview Committee Chair is appointed as the Senate President’s designee in representing the Senate’s interests in Step 6 on page 4 of the PE9 Procedures.*
III. INFORMATION ITEMS

A. Governing Board Policy Manual, Chapter 4/Academic Policies
   Cathy referred to the Governing Board Policy Manual, Chapter 4/Academic Affairs attached to the senate agenda. She informed senators that she met with Paul Carmona, Pat Seltzer, Cristina Chiriboga, Dean Colli, and Jerry Buckley during the summer and into the fall semester to review the current academic policies and to identify how they fit within the CTLC recommended policies templates. The policies attached to the current agenda reflect recommendations. She informed senators that the Cuyamaca College Academic Senate has already discussed them and identified that their senate seeks to clarify the role of the senate within the text of the policies. Cathy asked senators to review the policies in preparation for approval at the next senate meeting.

B. Accreditation Results/Preliminary Finding and Recommendations
   Presented by Peter White
An accreditation team visited Grossmont College from October 16 through October 18, 2001. Peter White presented an update on the accreditation team’s major commendations and recommendations. He also thanked Sue Jensen for her hard work editing the Grossmont College Self Study Report, Arlene Stone for her great job organizing the team’s visit along with her editing support, and all faculty and staff for their support and continued commitment. The report was outstanding with the team making the following commendations and recommendations:

**Recommendations**

- To continue working on the institutional planning process. The main focus throughout the report was to ensure that faculty and staff understand the college processes and their role within those processes. Another important point of the report was to consider more student involvement in college governance.

- To continue to look at obtaining a new student academic information system in the district. Peter informed senators that analytical work has been done at the district, which is considering potential vendors and evaluating alternative systems. He reported that a final decision is expected by the end of the academic year.

- To hire more faculty, staff and administrators that represent the student population.

- To continue to provide a level of stability among the college and the district leadership. The accreditation team was very impressed with the leadership at the district and the college level; however, they are recommending stability of faculty, staff and administrators.

The Academic Senate recognized Peter White, Sue Jensen and Arlene Stone for their outstanding work on the accreditation document and with the Accreditation Site Visit.

**C. Faculty Hiring Concerns**

**Presented by Hank Jordan**

Hank Jordan shared responses to his concerns that surfaced at the previous senate meeting regarding the procedure for hiring regular faculty (PE9). He, Charlene McMahan, Cathie Norris, and Cathy Harvey had met a week previous to the current senate meeting, and Charleen McMahan has assured him and the senate as a whole that she is in the midst of preparing a manual to accompany PE9 that will clarify additional procedures and potential problems as they relate to hiring full time faculty.

**D. Planning Process**

**Presented by Beth Smith and Jerry Buckley**

At the October 15 Academic Senate meeting, Beth Smith presented a draft resolution prepared by the senate officers to improve faculty participation in the college planning process. Although discussion of the resolution was non conclusive and may still be considered, the senate officers, in collaboration with the administration, have prepared a new format in which departments will write departmental goals and activities as they update the Educational Master Plan. The new format will require that departments identify their three top priorities as they relate to the Strategic Master
Plan. They will also be asked to identify their accomplishments. Beth and Jerry presented an overhead of the new format and explained how the format was developed, giving the senators an idea of what to expect. Further discussion is anticipated.
