Supervised Tutoring Referrals

Two hand outs regarding supervised tutor referrals were distributed. One was on requirements for claiming apportionment for noncredit courses and the second a draft resolution from the Academic Senate on FTEs collection and referrals to the Grossmont College Main Technology Mall. Renee Tuller asked the group to look at the information on page 8, Roman Number III. Beth reviewed the current situation of students being denied access to the main tech mall and use of the computers. She discussed the resolution that had been developed by the senate at December, 2005 meeting regarding referrals to the tech mall. Kats Gustafson requested to speak about the situation. She thanked the faculty who put the required referral into their course syllabi and wanted to apologize to those students who experienced the confusion. She discussed FTES and the connection to supervised tutoring. The group discussed the differences between doing homework at home versus doing homework in the Tech Mall. Differences between the individual department computer labs and the main tech mall were discussed. After much discussion and disagreement, Dean Colli suggested a group be formed to discuss this situation. The senate reviewed the resolution and Beth stated it would be brought back at the next Academic Senate meeting. Please meet with your departments and send and suggestions and/or changes to a Senate Officer.
