II. PRESIDENT’S REPORT

A. Announcements

i. David Milroy handed out fliers to the group regarding the “Grossmont in Paris “trip. He asked that the group share the fliers with their students. David noted that the trip is a life changing experience and expressed the sentiment that all students should travel abroad at some point in their lives.

ii. Chris updated the group regarding Flex Week. She stated she had just spoken with Chuck Passentino and he reported they were able to get 60% of the discipline areas completed with program SLOs and with gateway course SLOs. Chris noted that this was a huge accomplishment, and thanked the group for all their overall effort and hard work. Chris also noted she will give reports every semester as to where we stand with SLOs.

iii. Chris reported college enrollment is up 9.8% compared to this time last spring. She also thanked everyone for dealing with the parking issues that occurred last week with the rain.

iv. Chris advised the group there are some committees that are looking for members. Chris welcomed Agustin Albarran to speak briefly. Agustin advised they are looking for one faculty member for the Student Affairs Advisory Committee which meets on the third Wednesday of the month at 1:30pm. If anyone has any questions please contact Chris. Chris also noted that they are looking for a member for the Part-time Issues Committee - Business and Professional Studies area, and the Petition Committee is looking for a couple of instructional faculty.

III. COMMITTEE REPORTS

A. Program Review

Chris welcomed Scott Barr to the floor to give an update on the Academic Program Review Committee. Scott went over a handout and explained the process for academic program review, noting that it is a 5-year cycle. He also mentioned that the committee has gotten an honorable mention from the accrediting commission for many years now and that no campus spends as much time reviewing their programs in such detail. There are seven faculty members and Scott is the chair of the committee. Scott advised they do need a representative from the Humanities & Social/Behavior Sciences Department. Scott stated the committee meets on Wednesdays from 2:00 to 4:00 pm. If anyone is interested in being on the committee please contact Chris Hill. Scott thanked the group and Chris thanked Scott for the update.

IV. ACTION ITEMS

A. College Committee Appointments

Chris asked everyone to take a look at the list of committee appointees and advised the list shows the committee appointments thus far. One correction is that Michelle Blackman is filling in on the curriculum committee for Spring 2008 semester only to replace a member who is on maternity leave.
Chris asked if anyone wanted to make a motion to approve Action Items.

M/S/U Enowitz/Burger
The motion passed.

V. INFORMATION ITEMS
A. Discussion on Academic Integrity
   (John Colson & Agustin Albarran)

Chris invited Agustin Albarran (Assistant Dean of Student Affairs), and John Colson (Vice President of Student Services) to give a presentation regarding Academic Integrity. John Colson spoke to the group about Academic Integrity and exactly what to do with students who cheat. John says that we need to be fair, consistent and to be mindful of the due process that should be afforded to the students. John is sensitive to the role that the faculty plays in the classroom and that any type of action regarding a college wide approach has to be driven by the faculty. John asked the group to let John or Agustin know how the faculty would like them to handle these matters. One suggestion is that some schools have Academic Dishonesty panels that are comprised of faculty, students, and staff. John asked Agustin to share some of the work that he and his office have been doing with regard to Academic Dishonesty.

Agustin took the floor and asked everyone to take a handbook called “Student Discipline Procedures”. Agustin advised the Student Affairs office has been tracking the violations from January 9th, 2007. There were 30 actual Academic Dishonesty cases that were reported to his office in 2007. At the end of Spring 2007 there were 9 cases and by Fall 2007 there were 21. Agustin is asking faculty to refer cases to his office for the time being so faculty members are not being accused of acting capricious about the way that Academic Integrity is being handled. If the claim comes directly to his office it can be properly documented and then in turn takes the focus off the faculty. Once this happens the office of Student Affairs will take the necessary action to process the complaint accordingly. He reiterated Dr. Colson’s statement that they welcome the faculty to task them with any academic integrity issues and to do what is in the best interest of the campus on any liability issues.

There was a lengthy Q/A/Comment discussion between the group, Agustin, and Dr. Colson. Chris suggested a task force be put together to identify what all the issues are, and propose some policy and/or procedural solutions to bring to the Senate. Chris thanked Agustin and John for coming in. Chris suggested that we could start with division representatives. Beth Smith suggested adding a student’s participation to the task force. Diane Mayne-Stafford suggested including the online faculty as well. It was also suggested to include someone from United Faculty. The senate officers were tasked with finalizing a composition and soliciting members for the task force.
