***GROSSMONT COLLEGE ADULT REENTRY PROGRAM
INVITES COMMUNITY MEMBERS TO FREE WORKSHOP MARCH 7***

El Cajon – Grossmont College’s Adult Reentry Program invites the public to attend a free workshop “Boomers & Beyond – Now at Red Alert!” - Career Management & Your Future Wednesday, March 7, 5 – 7 p.m. The workshop is timed to help mid-career adults and others access opportunities for future advancement, and by learning more about upcoming Short Session Classes which begin the week of March 19. More than 100 class sections are offered in an eight-week format.

According to Grossmont College Interim President Dean Colli, Ed.D. “We take pride in presenting adult reentry students with this program’s outstanding service, designed to help them manage preparation for their future careers and to take advantage of up-to-date training opportunities. Now that enrollment fees for California residents have been reduced to only \$20 per unit, learning at Grossmont College is even more affordable.”

The workshop will feature a presentation by Kathleen Self, a University of San Diego specialist in career counseling. It will be held at the Career Center, Room 627 on the college campus in El Cajon. To RSVP, call the Adult Reentry Program, 619-644-7697. For driving directions go to http://www.grossmont.edu/campus_info/map_directions.asp
