COURSE PREREQUISITES
• Please check the course description in the college catalog for course prerequisites. If an assessment test is required, check the list of test dates on the assessment web site at www.grossmont.edu/assessment. If you believe you have met the prerequisite, visit our web site at www.grossmont.edu/assessment/prerequisite.asp. If the prerequisite has not been met, an alternate course should be selected.

WAIT LIST PROCESS
Wait lists for all classes begin the instant that classes close due to full enrollment. Students cannot be added to a wait list IF: (1) it is prior to student registration appointment; or (2) the student is already enrolled, or on a wait list, in another section of the same class; or (3) the wait list is full; or (4) the class has started. Students are added to the wait list for a class on a first-come, first-served basis.

As seats become available, students are automatically added to the class in which they are wait-listed. Students will not be added to a class IF: (1) the class will cause a time conflict with another class on the student schedule; or (2) the class will cause the student to go over the maximum number of units allowed; or (3) another section of the same course is already on the student schedule; or (4) the student has a HOLD which prohibits registration. The student will be billed immediately once the student has been successfully moved from the wait list into the class and an email notice will be sent to the student e-mail address on record. It is the student’s responsibility to update all of their contact information in the Admissions and Records Office. To check and keep your information current, please use the Update Personal Information link under User Account on the WebAdvisor Student Menu.

For students that were not registered from the wait list: (1) student cannot view wait-listed classes after semester begins; (2) on the first day of class, instructors will determine the number of open seats; (3) spaces may be offered to students in the order their names were added to the wait list; (4) if a space is offered to a student, the instructor will give the student an authorization code; (5) the CODE must be used by the “use by” date.

Students are responsible for all fees generated from added classes; includes all forms of adds via web, moved from wait list, or by an add card. Students are responsible for monitoring their schedule and fees using WebAdvisor.

UPDATING YOUR RECORDS
• What is my User’s ID? User I.D. is your first name, a period and your last name (firstname.lastname); and is in lower case. Your user ID may contain numbers. Go to the WebAdvisor webpage and select “What is my user ID?” from the Student Menu. Provide the required information to obtain your user ID.

• What is my Colleague I.D.? Colleague I.D. is a unique 7 digit student identification number assigned to you by the college (replaces social security number as I.D.).

• What is my Password? The initial Password is your PIN (birth date – MMDDYY). Upon first login you will be required to choose a NEW password (must be 6-9 characters, using both letters and numbers, and is case sensitive).

• Address and E-Mail Changes: Login to WebAdvisor, click Students, click Address Change and update your information. We will be corresponding to you via e-mail regarding registration information, class change notifications and other important messages; therefore, it is important that your e-mail is correct. Please make sure you have the college domain (gcccd.edu) on your Safe Sender list.

• Academic Program (Major Code): You may update your Academic Program (major) by submitting an Academic Program Change form to the Admissions and Records Office.

IMPORTANT COURSE REPETITION CHANGES
The California Community College Board of Governors recently passed revisions to Title 5 regarding course repetition that took effect during the 2012 summer semester. Students will only be allowed to enroll in a course three times if they received a substandard grade (D, F, NP or NC) or withdrew from the class with a “W.” Students with extenuating circumstances may seek approval to enroll in a course for the fourth time through the petition process. These changes do not contain a grandfather clause so any student that has already taken a course the maximum number of times will no longer be able to take the same class within the Grossmont-Cuyamaca Community College District.

Course Repetition and Receiving Federal Aid
Students can only receive financial aid for up to one (1) repeat of any course with a passing grade (A, B, C, D, and P grades are considered passing for financial aid purposes).

Get your ID cards at the Admissions and Records Office.

Saturday final is given during regular Saturday class hours

**SATURDAY, MAY 28**

REVISED 2/2/2016
Classes meeting at the times shown in the above schedule need to use the first hour of the week of the class as key to examination times. For example: classes meeting M or MTWTh at 10:00 a.m. or 10:30 a.m. would meet for the final examination Monday, May 23, 9:25 a.m.-11:25 a.m.; classes meeting T or TTh at 11:00 a.m. or 11:30 a.m. would meet for the final examination on Tuesday, May 24, 11:35 a.m.-1:35 p.m.

SATURDAY CLASSES WILL HOLD EXAMINATIONS ON SATURDAY, MAY 28, AT NORMAL CLASS HOURS. SHORT-TERM CLASSES WILL HOLD EXAMINATIONS ON THE LAST MEETING OF THE CLASS.

The examination time of a combination lecture and laboratory course should be determined by the lecture. Laboratory examinations, if required, should be given prior to Finals Week. Such examinations should not be given in lieu of any final examination for the entire course.

For those students who have overlapping final exams, they are advised to work with their instructors to reschedule their exams. Each examination will be given in the regular classroom unless otherwise arranged by the instructor with approval of their dean and Instructional Operations.

In the event a severe illness or an emergency prevents a student from taking a final examination during the regularly scheduled time, instructors must be notified and the student must make up the examination as soon as possible. In all cases the illness or emergency must be verified.

Short Term 1/25/16 - 3/18/16
The following courses constitute “Project Success.” These courses are linked and must be taken concurrently because they constitute a learning community. If you have questions, please contact Helen Liesberg by phone at (619) 644-7441 or by email at helen.liesberg@gcccd.edu.
An Innovative Learning Community

Project Success – Linked Courses
Students benefit from:
- Two and three courses linked in content, ideas, and activities;
- An opportunity to discover connections between subject matters and disciplines.

As a participant in a learning community:
- You will work with your instructors and other students in the community to understand diverse perspectives and encourage the sharing of knowledge;
- You will evaluate shared readings, and participate in assignments developed by the instructors;
- You will complete more units and earn a higher GPA than students with similar skills who did not participate in the Project.

Enrollment in a Learning Community
Learning Community courses are identified by a footnote below the course listing. These footnotes indicate the courses that are linked. You must enroll in all courses indicated in the note. Questions? Call Joan Ahrens, (619) 644-7869.

Project Success – Honors Courses
Honors courses are reserved for new students with a high school 3.2 GPA and continuing students who have completed 12 units and have maintained a 3.2 GPA. Prerequisites for English courses also must be met.

### Exercise Science and Wellness

Students should progress from beginning through intermediate and advanced levels in the courses that have an "ABC" designation to facilitate success, and should not move backwards in levels. The only courses that may be repeated are the intercollegiate athletic courses numbered 200-240, 262 and 263, which may be taken 4 times maximum. No other ES courses may be repeated for credit. Intercolligate athletic courses do NOT meet the Fitness/Wellness requirement.

Towels will NOT be supplied by the college. If students wish to shower on campus, they must provide their own towels. There will be NO TOWEL EXCHANGE AVAILABLE.

**Lockers are to be used during class time only.** There are NO lockers available for students to use long-term. Any lock found on a locker longer than one day will be cut off and the contents of the locker removed. Students enrolling in exercise science classes and using campus lockers must use combination locks only. This policy is in accordance with security and Fire Marshall regulation.

Heavy duty locks (available in Bookstore) are highly recommended.

WHAT IS THE STUDENT SUCCESS AND SUPPORT PROGRAM?

“OUR GOAL ... YOUR SUCCESS”

Student Success and Support Program is the process that brings Grossmont College and a student who enrolls for credit into an agreement for the purpose of realizing the student’s educational objectives through the college’s established programs, policies, and requirements. It involves our giving you the keys to succeed in college.

General Education course choices for transfer and the associate degree may differ between Cuyamaca and Grossmont College. Each college strongly recommends that students visit the Counseling Centers for specific information if they plan to attend both campuses.

ADDITIONAL ASSESSMENT INFORMATION

ENGLISH

English assessment and placement involves an online computer-adaptive test which allows students to demonstrate current skills in the use of standard written English as well as in reading comprehension. With their assessment results, students will receive a recommendation about which English course is most appropriate for them. In addition, an England booklet is provided to further assist students in assessing their current writing and reading skills.

MATH

The math assessment consists of multiple-choice questions that evaluate a student’s previous math background and current skill level. Students will not be allowed to bring a calculator to the test, but a four function calculator will be provided on some questions. It is important that students prepare/study for the placement test. It will determine which class (level) that the student will be allowed to enroll in. There is information on this placement test at:

http://www.grossmont.edu/academics/programs-departments/math/placement-steps.aspx

When the test is complete, the student will be given a print-out of their results as well as the math classes in which he/she can enroll. There are different “math paths” that a student can take (STEM vs non-STEM majors) so it is important that the student check with a counselor prior to registering for classes.
ENGLISH AS A SECOND LANGUAGE (ESL)

If English is not your first language, it is important that you take the ESL assessment. If your ESL assessment shows that you do not need ESL classes, you will be referred to English classes for native speakers of English.

The ESL assessment is given to help students decide which ESL courses will be most helpful for them. Part of the assessment is on reading and grammar skills. Students must also write a short composition. After they take the assessment, it is very important for ESL students to attend an ESL orientation, advisement, and class selection session where they can discuss classes for their English level with an ESL instructor and an academic counselor.

CHEMISTRY 141 ASSESSMENT

Note: Clearance for Chemistry 141 can be accomplished by doing any of the following:

• Completing the required prerequisite course (Chem 120 with a “C” or better) at Grossmont College.
• Completing Grossmont College chemistry assessment available, by appointment, through the Assessment Office and Math 110 or the equivalent with a “C” grade or higher.
• Completing, with a “C” or better, an equivalent prerequisite course at another institution; MUST also make an appointment with the Department Chair, Diana Vance at diana.vance@gcccd.edu or Cary Willard at cary.willard@gcccd.edu.

In addition to articulated courses, it is important to know that the vast majority of courses completed at Grossmont College transfer as fulfilling requirements for majors or as elective units. To determine if courses have a transfer designation, visit the Grossmont College Articulation web site: www.grossmont.edu/articulation.

All official articulation for the CSU (California State University) and UC (University of California) systems is available at www.assist.org. This site is readily available via the Grossmont College Articulation web site.

It is important to use these tools along with the assistance from Counselors at Grossmont College.
**STUDENT INFORMATION, POLICIES AND SERVICES**

**ACCESS TO EDUCATIONAL PROGRAMS**

It is the policy of the Grossmont-Cuyamaca Community College District Governing Board that, unless specifically exempted by statute or regulation, every course, course section or class reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to commencing with Section 55003 of Division 6, Chapter 2, Subchapter 1.

**DISABLED STUDENTS: ACADEMIC ACCOMMODATIONS AND APPEALS**

Grossmont College recognizes that a disability may preclude a student from demonstrating required math, reading, and writing competencies or from completing course requirements necessary for an A.A. or A.S. degree in the same manner that nondisabled students are expected to. The college also recognizes the need to accommodate students with documented disabilities to the greatest extent possible without compromising a disabled student’s course of study and without compromising the integrity of any student’s degree. Contact the Disabled Student Programs and Services Office for further information.

**DISCLAIMER: CHANGES TO THE CLASS SCHEDULE**

Grossmont-Cuyamaca Community College District and Grossmont College have made every reasonable effort to determine that everything stated in this schedule is accurate. Courses offered, together with other matters contained herein, are subject to change without notice and at the discretion of the administration of the Grossmont-Cuyamaca Community College District for matters related to student enrollment, level of financial support, or for any other reason. The District reserves the right to add, amend or repeal any of their rules, regulations, policies and procedures.

**WHO MAY ATTEND?**

**LEGAL RESIDENTS** of the State of California who possess a high school diploma or equivalent or are over 18 years of age may attend Grossmont College.

**HIGH SCHOOL STUDENTS** who are in 11th or 12th grades, and will be at least 14 years of age at the opening day of the session of attendance, may attend with the approval of the appropriate high school official, the approval of parent(s), and the approval of the college official.

**NON-RESIDENTS** may attend by paying the established tuition fee. A non-resident for tuition purposes is a student who has not established both physical presence and intent in California for more than one year immediately preceding the residence determination date for a term.

**HEALTH FEE**

The Health Services Office provides services to all enrolled students who have paid the Health Fee or have received a financially determined waiver for the Health Fee. Students whom depend exclusively upon prayer for healing according to the teaching of a bona fide religious sect, denomination or organization may petition for an exemption from the payment of the Health Fee.

The mandatory health fee provides accident insurance for the protection of any student who may experience an injury while participating in a college sponsored credit or non-credit class, or other activity. The sponsored class or activity must be during a directly supervised, on-campus or school-related activity. The supervision of the sponsored class or activity must be by a member of the college staff at a college approved co-curricular activity or event. Insurance deductibles range from $50 to $100. Student Insurance is secondary to any group, blanket franchise, group practice, individual practice or other pre-payment coverage; the claim must be filed with primary insurance first. Student Benefit Card refunds are available only if the card has not been used.

STUDENT LOAD
The maximum number of units in which you may enroll is 18. Overloads must be approved by a counselor. Requests for excessive overloads will require an appointment with the Dean of Counseling. A copy of all college transcripts will be reviewed prior to the appointment. Overload requests will begin the first day of classes and must be accompanied with an authorization code.

REPEATING CLASSES
Students may not repeat any class offered within the Grossmont-Cuyamaca Community College District in which they have previously received a grade of A, B, C or Pass (CR).

NOTE: Some exceptions exist in the Exercise Science and Dance Departments. Please see the Exercise Science and Dance course listings for details.

CLASS ATTENDANCE
It is important to attend the first meeting of all classes. If students are unable to do so, the instructor should be notified. Failure to attend the first class may result in the student being dropped from the class. Regular attendance is expected of every student. A student may be dropped from class due to poor attendance when, in the judgement of the instructor, the student cannot benefit from further instruction. The student who has been absent due to illness or medical treatment should inform the instructor as to the cause of absence.

STUDENT WITHDRAWAL AND GRADE RESPONSIBILITY
You are held responsible for all classes for which you register. This includes attending all class sessions, being prompt in your attendance, and meeting instructor course requirements. If, for some reason, you decide to withdraw from a class(es), it is your responsibility to withdraw properly. You may drop classes by using WebAdvisor at www.grossmont.edu, or by coming to campus and picking up a Drop Card from the Admissions and Records Office, accurately and thoroughly completing the card, and filing it with the Admissions and Records Office. The official date of withdrawal is the date by which the withdrawal form is filed with the Admissions and Records Office. If this is not done, you may receive a grade of “F” and all fees will apply.

If you are enrolled in classes past the last day to drop, you will receive a grade. This means you must receive a grade other than the “W.” In order to avoid receiving a grade, you must officially drop your class(es) no later than the deadline.

For refund deadline, see calendar (inside front cover). Other short term courses have different deadlines. Please see the Short Term Course listing on pages 12-19.

STUDENTS ENROLLED IN DISTANCE EDUCATION (online) COURSES
Students who are only enrolled in distance education (online) courses must reside in California during that semester to be eligible for financial aid. Students must verify their place of residence with the Financial Aid Office. If you are enrolled in online courses only and live outside of California, you are not eligible for federal financial aid. For more details, please contact the Financial Aid Office.
WITHDRAWALS AND THE REPAYMENT OF FINANCIAL AID FUNDS

Students receiving federal financial aid, who withdraw from all of their classes during the first 60% of a term, will be required to repay a portion of the federal grants that they have received. That is because a student must “earn” their financial aid. Financial aid is “earned” for each day you are enrolled in the semester.

For example, if you enroll in the fall semester on August 23 and withdraw from all of your classes on November 2, you will have “earned” 58 days worth of financial aid eligibility. The amount you have to repay will depend on the number of days you were enrolled compared to the number of days in the semester. Because there are 120 days in the fall semester, you would have only earned 49.2% of the aid you received (59 days/120 days in the term = 49.2%). If you had received a $2000 Pell Grant award for the semester, you would have only earned $984 of the Pell Grant ($2000 x 49.2% = $984). Because you have received $1016 more financial aid than you “earned” ($2000 - $984 = $1016), you will be required to repay half of the amount you did not earn. The amount you would be required to pay back in this case would be no more than $508.

Students who stay in classes until 60% of the term is completed won’t owe anything back to the federal government. For Spring 2016 that means you must be enrolled and attending classes until October 29, 2015, to be eligible for all the financial aid you received. If you drop all of your classes before October 29, 2015, you will be billed for a portion of the Pell Grant and/or SEOG grant that you received in the Fall. For Fall 2016, that means you must be enrolled and attending classes until April 12, 2016, to be eligible for all the financial aid you received. If you drop all of your classes before April 12, 2016, you may be billed for a portion of the Pell Grant, and/or SEOG grant that you received in the spring.

Please note: If you fail all of your classes in a term, you will have only earned 50% of the Pell, and/or SEOG that you received and you will be billed for the amount you did not earn.

If you are required to repay funds to the federal government, you will be billed and you will have 45 days to repay the funds in full or to set up a repayment schedule. You will be ineligible for any further financial aid at any college in the United States if you fail to repay the funds in full or set up a repayment schedule and make repayments according to the repayment schedule.

PREREQUISITES

A prerequisite is a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.

A corequisite is a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

An advisory on a recommended preparation is a condition of enrollment that a student is advised, but not required, to meet before, or in conjunction with, enrollment in a course or educational program.

All courses shall be open for enrollment to any student who has been admitted to the college, except that students may be required to meet necessary and valid prerequisites. In addition, the District may also limit enrollment in a course based on health and safety considerations, facility limitations, or legal requirements imposed by statute or regulations.

A student who does not meet a prerequisite or corequisite or who is not permitted to enroll due to a limitation on enrollment but who provides satisfactory evidence may seek entry into the course as follows:

1. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the college shall reserve a seat for the student and resolve the challenge within five (5) working days. If the challenge is upheld or the college fails to resolve the challenge within the five (5) working day period, the student shall be allowed to enroll in the course.

2. Grounds for challenge are:
   a. The prerequisite or corequisite has not been established in accordance with the college’s process for establishing prerequisites and corequisites;
   b. The prerequisite or corequisite is in violation of Title 5 regulations (Section 55002);
   c. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
   d. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
   e. The student will be subject to undue delay in attaining the goal of his or her Student Educational Plan because the prerequisite or corequisite course has not been made reasonably available. If other courses are available which meet the same requirement, the student is not being delayed. There is no obligation to honor the student’s preference.
   f. The student has not been allowed to enroll in a course due to a limitation on enrollment established for (a) a course that involves intercollegiate competition or public performance, or (b) a course limited to a cohort of students. The student shall be allowed to enroll if he or she would otherwise be delayed by a semester in attaining the degree or certificate specified in his or her Student Educational Plan.
   g. The student seeks to enroll in a course which has a prerequisite or corequisite established to protect health and safety, and the student demonstrates that he or she does not pose a threat to himself or herself or others.
3. The student has the obligation to provide satisfactory evidence that the challenge should be upheld. However, where facts essential to the determination of whether the student’s challenge should be upheld are or ought to be in the college’s own records, then the college has the obligation to produce that information.

Challenges to a prerequisite or corequisite should be filed with the Vice President of Academic Affairs. All challenges will be resolved by a committee consisting of the Vice President of Academic Affairs, Dean of Counseling Services and the Department Chair or Coordinator of the course with the prerequisite or corequisite in question.

Students wishing to challenge prerequisites or corequisites for any other reason should do so using the Student Due Process Procedures available in the Student Affairs Office, Room 60-204.

EXTERNAL EXAMINATIONS

Grossmont College grants credit toward its associate degrees for successfully passing external examinations including Advanced Placement (AP), International Baccalaureate (IB) and College Level Examination Program (CLEP). Such exams may also be used to certify areas on CSU GE-Breadth and IGETC. In order to receive credit, students must submit official scores (transcripts) to the Admissions and Records Office. Refer to the College Catalog to determine the “External Exam,” equivalent course(s), if any, at Grossmont College, and the specific area of Grossmont College, CSUGE Breadth and IGETC general education requirements that may be cleared.

CREDIT BY EXAMINATION

Credit may be granted to any student who satisfactorily passes an examination approved and conducted by proper authorities of Grossmont College. Credit by examination shall not count toward the residence requirement for graduation nor shall it count toward verification of full-time status. Such credit may be granted only:

1. To a student who is registered at Grossmont College.
2. For a course listed in the Grossmont College catalog and identified in the class schedule as one for which credit by examination may be granted.
3. In an amount not greater than the credit listed for the course.
4. To a student who has not enrolled in, or completed the same course or an advanced course in the area in which credit by examination is requested. Students dropping a course during the first four weeks of the semester will not be considered as enrolled for purposes of filing for Credit by Examination.

CREDIT BY EXAM MUST BE COMPLETED BY THE FOURTH WEEK OF THE SEMESTER.

THE PROCEDURE A STUDENT WOULD FOLLOW:

1. See catalog for Credit by Exam policy.
2. Obtain and complete a petition for Credit By Examination from the Office of Admissions and Records.
3. Obtain approval for taking an examination from the dean and instructor. This approval should be obtained before the student registers for classes.
4. Take an examination on the established date.
5. Send to Admissions and Records official transcripts from all institutions previously attended.
6. Instructor forwards certification that the examination was passed satisfactorily to the division dean.
7. The division dean forwards the Credit by Examination form to the Office of Admissions and Records for posting on the student’s transcript.

GRADING PROCEDURE

When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course, and the determination of the student’s grade by the instructor in the absence of mistakes, fraud, bad faith or incompetency, shall be final (Section 76224 California Education Code).

ACADEMIC INTEGRITY

The faculty, administration, and staff of Grossmont College, in creating a culture of academic excellence, value honesty and integrity in all aspects of learning, working, and participating in the college community. Moreover, we believe that those who value learning would never view cheating (copying or otherwise presenting work that is not one’s own) and plagiarism (presenting another writer’s ideas, materials, images, or words as one’s own without proper citation) as viable choices within an academic environment. It is incumbent on faculty, in particular, to communicate expectations to students with regard to academic honesty in each class, and it is the responsibility of each student to understand the actions and behaviors that constitute cheating or academic dishonesty within each class as well as in other venues on campus. Students are encouraged to ask questions of their instructors and are expected to read the college’s statement on Academic Fraud (located in the class schedule). Penalties for actions inconsistent with classroom, library, and college expectations for academic integrity range from a failing grade on an assignment, exam, or project (which may lead to a failing grade in the
course) to, under certain conditions, suspension, or expulsion from a class, program, or the college. For more information, please consult with your instructor or contact the office of the Associate Dean of Student Affairs.

**ACADEMIC FRAUD**

The college is an academic community with high standards, and its teaching, learning and service purposes are seriously disrupted and subverted by academic fraud. All students at Grossmont College are expected to comply with the institution’s high standards of academic integrity and avoid instances of dishonesty at all times. Such acts of dishonesty include cheating, plagiarism, fraud, false citations or data, and the fraudulent use of Internet resources.

Students are not to commit academic fraud, which is a form of cheating, lying and stealing. It is a serious violation of the Student Code of Conduct, as published in the catalog. The intent of this document is to increase student awareness as to what academic fraud is, to provide strategies to avoid the situations, and to explain the consequences of committing academic fraud. The faculty and administration expect students to have a responsible and sincere commitment to academic integrity during the performance of their instructional activities and completion of assignments or requirements.

Academic fraud includes, but is not limited to, the following situations:

* **Plagiarism:** Using someone else’s ideas or work without proper or complete acknowledgement. Plagiarism encompasses many things, and is by far the most common manifestation of academic fraud. For example, copying a passage straight from a book into a paper without quoting or explicitly citing the source is plagiarism. In addition, completely rewording someone else’s work or ideas and using it as one’s own is also plagiarism. It is very important that students properly acknowledge all ideas, work, and even distinctive wording that are not their own. Students who are unsure of how or when to properly acknowledge sources are encouraged to consult their instructor.

* **Cheating:** Copying of any test or quiz question or problem, or work done in a class that is not the student’s own work. It also includes giving or receiving unauthorized assistance during an examination whether it was intentional or not. Obtaining or distributing unauthorized information about an exam before it is given is also cheating, as is using inappropriate or unallowable sources of information during an exam. To avoid unintentional copying of work, students should cover their own exams and quizzes, and not leave a test or quiz on the desk where another student may be tempted to look at it.

* **Multiple Submission:** Use of work previously submitted at this or any other institution to fulfill academic requirements in another class. For example, using a paper from an English 126 Creative Writing class for a Sociology 138 Social Psychology class is Academic Fraud. Slightly altered work that has been resubmitted is also considered to be fraudulent. With prior permission, some professors may allow students to complete one assignment for two classes. In this case, prior permission from both instructors is absolutely necessary.

* **False Citation:** False citing a source or attributing work to a source from which the referenced material was not obtained. A simple example of this would be footnoting a paragraph and citing a work that was never utilized.

* **False Data:** Fabrication or alteration of data to deliberately mislead. For example, changing data to get better experiment results is Academic Fraud. Instructors and tutors in lab classes will often have strict guidelines for the completion of labs and assignments. Whenever in doubt about what may be considered Academic Fraud, students should immediately consult with the instructor.

* **Plagiarism via the Internet:** Occurring with more and more frequency, and taking a number of different forms. As should be obvious, purchasing research papers on the Internet and submitting them as a student’s own work constitutes a gross case of plagiarism. Cutting and pasting from a web site without putting the text being used in quotation marks and/or without properly citing the source also constitutes plagiarism. Posting stolen tests online and/or accessing such tests is cheating. Also students should be aware that while many web sites provide reliable information, others may not include well-documented research. Students should be sure to check facts using a variety of different types of resources in order to ensure accuracy.

* **Intentional Deception:** Submission of false documentation (absence excuse, proof of attendance, volunteer hours, etc.) for falsifying any official college record. A student who misrepresents facts in order to obtain exemptions from course requirements has committed an act of intentional deception and may also be subject to the consequences listed below. It is best for a student to do the work as required in a course or speak to the instructor about circumstances that may cause problems in completing forms correctly or honestly.

Students who engage in academic fraud will be subject to authorized penalties at the discretion of the instructor of record in the class. Such penalties may range from a failing grade on an assignment, exam, or project (which may lead to a failing grade in the course) to, under certain conditions, suspension, or expulsion from a class, program, or the college. For more information contact the office of the Vice President of Student Services or the Associate Dean of Student Affairs.

It is worthwhile to note the California Education Code Section 76224(a) states:

“When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the faculty member of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.”

The foregoing language indicates that the instructor has sole and final authority in awarding grades based on his/her determination of the quality of the student’s work in the course. Faculty are strongly encouraged to directly report all students found to be in violation of the college standards for academic integrity to the Associate Dean of Student Affairs.

For further clarification and information on these issues, please contact Student Affairs at (619) 644-7600.
**Computer Access:** The Learning and Technology Resource Center, located in the center of the campus, houses the Library, Open Computer Lab, Assistive Technology Center, Math Study Center, Business Office Technology, the English Writing Center, and the ESL/Independent Studies Lab. There are several other Learning Assistance Centers throughout the campus including the Anatomy Learning Center, Science Learning Lab, English Reading Annex, Health Science Lab, CSIS, Digital Media Arts Center, Speech and Physics. All areas provide access to computers. Please visit [www.grossmont.edu/techmall](http://www.grossmont.edu/techmall) for hours, locations, and access requirements.

**Tutoring and Study Rooms:** The Tutoring Center offers individual tutoring at no cost to all enrolled Grossmont College students requiring help with their academic needs in many General Education subjects. Visit [www.grossmont.edu/tutoringcenter](http://www.grossmont.edu/tutoringcenter) for information on how to make an appointment or reserve a study room. The Tutoring Center is located on the second floor of the Tech Mall, Room 70-202.

**REGISTRATION FOR CUYAMACA COLLEGE COURSES**

Current Grossmont College students can register for Cuyamaca College courses without completing a separate application. On or after your registration date and time, just select “Cuyamaca College” at the prompts through WebAdvisor at [www.gcccd.edu](http://www.gcccd.edu). (Note: If you receive financial aid, you may need to complete a consortium agreement to have Cuyamaca courses paid via financial aid. Please see the Financial Aid Department for details.)

**INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)**

IGETC is a series of courses that community college students can use to satisfy lower-division general education requirements at any CSU or UC campus and some private/independent and out-of-state colleges and universities. IGETC patterns can be found at the Grossmont College Articulation web site: [www.grossmont.edu/articulation](http://www.grossmont.edu/articulation).

Completion of the IGETC is not a guarantee of admission or in some cases a requirement for transfer, nor is it the only way to fulfill the lower-division general education requirements prior to transfer. Interested students should contact a Counselor for further information.

**298 AND 299 COURSES**

**298 Courses - Selected Topics**

Courses of this type are new and experimental and may be found in the various disciplines of the college. They are not regular catalog offerings and may be offered in a seminar, lecture and/or laboratory format. Course content and unit credit will be determined by the discipline offering the course. A description of the current offerings can be found in the class schedule. A 299A course is associate degree level and may not transfer to four-year universities. A 299B course is baccalaureate level and transfers to California State Universities. After being accepted to a university, students can contact the four-year university they wish to attend for information regarding the acceptance of individual 299 courses to fulfill specific classes.

**STUDENT ID CARDS**

Students will receive one free photo ID card as part of the registration process. This ID card is required when conducting college business or upon request of college staff. Picture ID cards will be issued at the Admission and Records Office to new and returning students. One of the following IDs is a requirement as proof of identification:

- Current State Identification Card
- Current State Driver’s License
- Current Passport
- Current Military ID

Steps for obtaining a new state identification card:

1. Call 1-800-777-0133 for an appointment at a DMV office near you; the cost will be $26.
2. Original documentation required: birth certificate, social security card or military ID. Allow 3-4 weeks for delivery.

Continuing students can update their ID card with a current semester sticker by bringing their ID card to the Student Activities Window, the Associated Students Office, the College Cashier’s Office or the Admissions and Records Office.

**SEMESTER BUS AND TROLLEY PASSES**

Students taking a minimum of 7 units may purchase semester bus and trolley passes at the discounted rate of approximately $190 for the Spring 2016 semester. A limited number of passes will be available for purchase (cash or money order or Traveler’s Checks only) beginning January 19, 2016, at the Student Activities Window located in Room 60-116. Passes are valid for unlimited use on a bus or trolley from January 19, 2016 to May 31, 2016 (includes weekends and holidays).

NOTE: The price of the pass is based on a “per day” assessment according to the number of days in the semester and is therefore subject to change from semester to semester.

Monthly transit passes are also available for students taking a minimum of 7 units. Monthly passes are valid in a calendar month and cost $57.60.

For bus schedule information call the Regional Transit Information Office at (619) 233-3004 or 1-800-COMMUTE or visit [www.sdmts.com](http://www.sdmts.com).
CATALOG

The college catalog contains degree/certificate requirements, course listings, general education requirements for The California State University, the Intersegmental General Education Transfer Curriculum and Grossmont College’s Associate Degrees along with a variety of other important aspects of college life. The catalog is your guide to obtaining a degree or certificate, transferring to a four-year institution and keeping aware of all prerequisites, policies, and procedures that affect you, as a student, while attending Grossmont College. The catalog is available in the Campus Bookstore and at the College Cashier’s office for $3.00. The College Cashier will also mail the catalog upon request (prepaid, $6.00 includes library rate postage). For additional information about mailing catalogs, call the Cashiers Office at (619) 644-7660.

AUDITING PROCEDURES

Students can only audit classes from the approved audit list (see next column). Audit enrollment will not be permitted until students have completed the allowable number of repeats in practice or performance courses. Priority class enrollments are given to students desiring to take the course for credit. Students will not be permitted to enroll for audit purposes until Monday of the third week of instruction.

Audit enrollment will be based on “seats available” and will not be used to count toward minimum enrollment requirements. If a class closes after an auditor has been admitted, the auditor may be asked to leave to make room for the credit students. Instructor discretion is strongly recommended.

Permission to audit a class is done at the discretion of the instructor and with the instructor’s signed permission. Appropriate forms and procedures are available in the Admissions and Records Office.

No credit will be received for auditing a course. The college will not maintain any attendance or academic records for a student that audits a course.

PROHIBITION OF HARASSMENT
(Administrative Procedures/Board Policy 3430)

The Grossmont-Cuyamaca Community College District (District) is committed to providing an academic and work environment free from harassment. This procedure defines sexual harassment and other forms of harassment on District property, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student within the District.

This procedure protects students and employees in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District’s facilities, a District bus or van, or at a class or training program sponsored by the District at another location. The procedure below is based, but may not be limited on the following definitions:

Definitions

General Harassment: Harassment based on ethnic group identification, race, color, national origin, religion, sex or gender, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, military or veteran status, age, or sexual orientation of any person, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment. For example, repeated derogatory remarks about a person’s competency to do the job, when based on that person’s gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct:

• Verbal: Inappropriate or offensive remarks, slurs, jokes, or innuendoes based on a person’s race, gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual’s body, physical appearance, attire, sexual prowess, marital status, or sexual orientation; unwelcome flirting or propositions; demands for sexual favors; verbal abuse, threats, or intimidation; or sexist, patronizing, or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation, or other protected status.

• Physical: Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling, or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person’s gender, race, national origin, sexual orientation, or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

• Visual or Written: The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics, or electronic media transmissions.

• Environmental: A hostile academic or work environment exists where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation, or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders, or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his or her immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual’s learning or work.

Sexual Harassment: In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other conduct of a sexual nature when:

• Submission to the conduct is made a term or condition of an individual’s employment, academic status, or progress;

• Submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;

• The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating,

PROHIBITION OF HARASSMENT
hostile or offensive work or educational environment; or

- Submission to, or rejection of, the conduct by the individual is used as the basis for any for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

This definition encompasses two kinds of sexual harassment:

- "Quid pro quo" sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual’s willingness to engage in or tolerate unwanted sexual conduct.

- "Hostile environment" sexual harassment occurs when unwelcome conduct based on a person’s gender is sufficiently severe or pervasive so as to alter the conditions of an individual’s learning or work environment, unreasonably interfere with an individual’s academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single or isolated incident of sexual harassment may be sufficient to create a hostile environment if it is severe, i.e. a sexual assault.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

Consensual Relationships

District employees are strongly discouraged from entering into or maintaining any romantic or sexual relationship with any student or employee over whom they exercise any academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence. There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty, or staff member must evaluate the student’s or employee’s work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the event that such relationships do occur, the District has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

Academic Freedom

The Governing Board reaffirms its commitment to academic freedom, but recognizes that academic freedom does not allow any form of unlawful discrimination or harassment. It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom insures the faculty’s right to teach and the student’s right to learn.

Procedure Regarding Complaints of Harassment

Any person who believes that they are being harassed based on an actual or perceived protected characteristic such as ethnic group identification, race, color national origin, religion, age, gender, gender identity, gender expression, physical disability, mental disability, medical condition, genetic information, ancestry, sexual orientation, marital status, veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or the perception that a person has one or more of these characteristics may file a written complaint describing in detail the alleged violation. All complaints shall be signed and dated by the complainant and shall contain, to the best of the complainant’s ability, the names of the individuals involved, the date(s) of the event(s) at issue, and a detailed description of the actions constituting the alleged violation.

The District may return without action any complaints that are inadequate because they do not state a clear allegation of harassment or violation of the anti-harassment policies.

The District shall investigate all complaints of harassment. To the extent practicable, a written determination on all accepted written complaints will be issued to the complainant within ninety (90) days of the filing of the complaint. The equal employment opportunity officer will forward copies of all written complaints to the State Chancellor’s Office.

Employment

Complaints involving harassment in the course of employment or attempting to secure employment must be filed as soon as possible after the occurrence of an alleged violation and not later than sixty (60) days after such occurrence unless the complainant can verify a compelling reason for the District to waive the sixty (60) day limitation.

If an employee or applicant for employment feels they have been harassed and would like to file a complaint, complaint procedures can be found on the District’s Equal Employment Opportunity website, or by contacting the office of the Vice Chancellor for Human Resources and Labor Relations.

Students and Visitors

Complaints alleging violations that do not involve hiring processes must be filed as soon as possible after the occurrence of an alleged violation and not later than ninety (90) days after such occurrence unless the violation is ongoing.

Information on District college complaint procedures can be located in the policy/procedure on harrassing handbook or by contacting the Office of Student Affairs at either college.

At Grossmont College, only those employees acting in the students’ educational interests are allowed access to student education records within the limitations of their need to know.

The Act provides students with the right to inspect and review information contained in their education records, to challenge the contents of their educational records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if the decision of the hearing panel is unacceptable. The Dean of Counseling and Enrollment Services has been designated by the institution to coordinate the inspection and review procedures for student education records.

The information shared is maintained with the strictest of confidence; individual names or data are not disclosed. If students wish to restrict their data from being shared with the National Student Clearinghouse, they may complete a form at Admissions and Records which will restrict the release of their student data.
