featuring

**CHRIS FABIAN
RUBIO**

CHRIS FABIAN RUBIO has always had a passion for percussion. Chris toured the world with the Off-Broadway show STOMP for five years, making music with unconventional instruments. His on-stage energy and talent helped him become rehearsal director for their US tour. He later continued at his own studio—Rubio's Performing Arts—where he is artistic director and choreographer for several percussion groups.

In this class you will learn to create percussive syncopated rhythms by utilizing just your body—from snapping your fingers to clapping your hands to stomping your feet! Come join the fun and stomp out some beats!!
