

San Diego Nursing and Allied Health Service-Education Consortium

2021-2022 Influenza Vaccination Consent

All students/faculty with clinical assignments must comply with the CDC's recommendations for seasonal flu immunization by November 1, 2020 or as otherwise announced by a clinical agency.

There are many different flu viruses and they are constantly changing. Detailed information about the 2021-2022 flu season and vaccines available can be accessed through the CDC's website: https://www.cdc.gov/flu/season/faq-flu-season-2021-2022.htm

Please answer the following questions. It is recommended you wait at least 30 minutes after the injection, due to the possibility of an allergic reaction.

 Is this the first "Flu" vaccination you have ever received? Have you ever had an allergic or serious reaction to the following; Flu vaccine, Thimerosal, or have you had Guillain-Barre Syndrome (GBS)? 						Yes □ □	No □ □	
3. 4.	3. Are you ill today?							
							_ _	
7.	Have you had any vaccine in the last 4 weeks?							
Please	e check your ap	propriate age grou	p and category:					
Age:	6-18 □	19-49 □	50-59 □	60-64 □	Over 65			
Categ	ory: □ S	tudent	ılty
