Classes meeting at the times shown in the above schedule need to use the first hour of the week of the class as key to examination times. For example: classes meeting M or MTWTh at 10:00 a.m. or 10:30 a.m. would meet for the final examination Monday, June 6, 9:25 a.m.-11:25 a.m.; classes meeting T or TTh at 11:00 a.m. or 11:30 a.m. would meet for the final examination on Tuesday, May 31, 11:35 a.m.-1:35 p.m.

**SATURDAY CLASSES WILL HOLD EXAMINATIONS ON SATURDAY, JUNE 4, AT NORMAL CLASS HOURS. SHORT-TERM CLASSES WILL HOLD EXAMINATIONS ON THE LAST MEETING OF THE CLASS.**

The examination time of a combination lecture and laboratory course should be determined by the lecture. Laboratory examinations, if required, should be given prior to Finals Week. Such examinations should not be given in lieu of any final examination for the entire course.

For those students who have overlapping final exams, they are advised to work with their instructors to reschedule their exams. Each examination will be given in the regular classroom unless otherwise arranged by the instructor with approval of their dean and Instructional Operations.

In the event a severe illness or an emergency prevents a student from taking a final examination during the regularly scheduled time, instructors must be notified and the student must make up the examination as soon as possible. In all cases the illness or emergency must be verified.

Coursework has due dates as set by the instructor, yet can be completed at any time before the due date according to an individual student's schedule. Quizzes or tests may have a shortened period (usually a week's time) during which students will need to complete them.

- **Marked "WEB" in the schedule for the location**
