Welcome to Grossmont College!

A message from the president

Dear Grossmont College Student,

We have officially kicked off the Fall 2024 semester at Grossmont College.

This is by far one of the most exciting times at our college as we welcome first-time Griffins to our campus and welcome back our returning Griffins.

If you are a first-time Griffin, we welcome you to your new home. We are here to make sure you have a smooth journey as you embark on your college experience. I encourage you to visit Building 10, this is your first stop for any question you have on campus. Building 10 connects you with our financial aid and counseling team to make sure you have all the aid you need to support your student education plan. We also have learning communities that help you academically as well as culturally. These include our First Year Experience program, UMOJA, Puente and our athletics community that create community for our campus.

For our returning Griffins, we welcome you back to Grossmont College. This may be your last semester with us and we want to make sure you have a strong plan before you walk across the Commencement stage in May. We encourage you to visit the Transfer Center and the counseling department to help you get the resources you'll need to transfer to your dream university.

Your success is our top priority, which is why we are committed to providing you with academic guidance, financial support, community connections and support for your basic needs. I encourage you to take advantage of the amazing opportunities and services available to you as a Grossmont College student.

Have a wonderful semester. Go Griffins!

Sincerely,

Denise Whisenhunt, J.D.
President, Grossmont College

ACCESS YOUR GRADES

Grades are available through Self-Service at www.grossmont.edu.

REGISTRATION INFORMATION

TO REGISTER ON THE INTERNET

- Your time to register is on your Registration Information e-mail. You can use Self-Service to register ONLY AT OR AFTER YOUR ASSIGNED REGISTRATION TIME.
- Sign on at www.grossmont.edu and click on the Self-Service link.

- **Time conflicts are not allowed!** You may not register for any section that meets on the same day and at the same time as another section you have selected.
- **You may not enroll in two sections of the same subject.** For example, you may not enroll in two sections of ART 120.
- The **maximum number of units** you may enroll in is eighteen (18). To add additional units, you must contact counseling for an overload card. This card will be submitted by the Counseling Department to the Admissions and Records Office.
- You may register for classes at **Grossmont** and/or **Cuyamaca College** through Self-Service (providing one of the college(s) has a current application on file).

COURSE PREREQUISITES

- Please check the course description in the college catalog for course prerequisites. If an assessment test is required, check the list of test dates on the assessment web site at <https://www.grossmont.edu/admissions/placement-assessments/index.php>. If you believe you have met the prerequisite, visit our web site at <https://www.grossmont.edu/admissions/prerequisites-by-program/index.php>. If the prerequisite has not been met, an alternate course should be selected.

WAIT LIST PROCESS

Wait lists for all classes begin the instant that classes close due to full enrollment. Students **cannot be added to a wait list IF**: (1) it is prior to student registration appointment; or (2) the student is already enrolled, or on a wait list, in another section of the same class; or (3) the wait list is full; or (4) the class has started. Students are added to the wait list for a class on a first-come, first-served basis.

As seats become available, students are automatically added to the class in which they are wait-listed. **Students will not be added to a class IF**: (1) the class will cause a time conflict with another class on the student schedule; or (2) the class will cause the student to go over the maximum number of units allowed; or (3) another section of the same course is already on the student schedule; or (4) the student has a HOLD which prohibits registration. The student will be **billed immediately** once the student has been successfully moved from the wait list into the class and an **email notice** will be sent to the **student email address on record**. It is the **student's responsibility** to update all of their contact information in the Admissions and Records Office. To check and keep your information current, please use the Update Personal Information link under User Account on the Self-Service Student Menu.

For students that were not registered from the wait list: (1) on the first day of class, instructors will determine the number of open seats; (2) spaces may be offered to students in the order their names were added to the wait list; (3) if a space is offered to a student, the instructor will give the student an Add authorization via Self-Service.

Students are responsible for all fees generated from added classes; includes all forms of adds via web, moved from wait list, or by an add card. Students are responsible for monitoring their schedule and fees using Self-Service.

UPDATING YOUR RECORDS

- What is my Colleague ID?** Colleague ID is a unique 7-digit student identification number assigned to you by the college (replaces social security number as ID).
- What is my Password?** The initial Password is your PIN (birth date – MMDDYY). Upon first login you will be required to choose a NEW password (must be 6-9 characters, using both letters and numbers, and is Case-sensitive).
- Address and E-Mail Changes:** Login to Self-Service, click *Students*, click *Address Change* and update your information. We will be corresponding to you via e-mail regarding registration information, class change notifications and other important messages; therefore, it is important that your e-mail is correct. **Please make sure you have the college domain (gcccd.edu) on your Safe Sender list.**
- Academic Program (Major Code):** You may update your Academic Program (major) by submitting an Academic Program Change form to the Admissions and Records Office.

IMPORTANT COURSE REPETITION CHANGES

The California Community College Board of Governors recently passed revisions to Title 5 regarding course repetition that took effect during the 2012 summer semester. Students will only be allowed to enroll in a course three times if they received a substandard grade (D, F, NP or NC) or withdrew from the class with a "W." Students with extenuating circumstances may seek approval to enroll in a course for the fourth time through the petition process. These changes do not contain a grandfather clause so any student that has already taken a course the maximum number of times will no longer be able to take the same class within the Grossmont-Cuyamaca Community College District.

Course Repetition and Receiving Federal Aid

Students can only receive financial aid for up to one (1) repeat of any course with a passing grade (A, B, C, D, and P grades are considered passing for financial aid purposes).

Prerequisite Clearance Information

It is extremely important to clear your prerequisites from coursework taken at colleges outside the Grossmont-Cuyamaca Community College District before your registration date! Please check to see if your class has a prerequisite in the Grossmont College Catalog. Prerequisites must be cleared prior to enrollment. Plan ahead and take care of this as early as possible to avoid waiting in long lines and possible delays to your enrollment in important classes.

Prerequisites **ARE NOT** cleared automatically.
Requests to clear any prerequisite **MUST be initiated by the student.**

Please visit the prerequisite clearance website at
<https://www.grossmont.edu/admissions/prerequisites-by-program/index.php>
and navigate to the appropriate department(s) for instructions on
how to clear a specific course prerequisite. Required prerequisites
are posted in the college catalog and available online.

Math Pathway is best to meet your educational goals.

SLAM TRANSFER-LEVEL STATISTICS AND LIBERAL ARTS

Support courses are designed to supplement topics needed for success in the paired transfer-level math course.

STEM Majors - Passing Math 176 is equivalent to passing BOTH Math 175 & Math 170. A student will earn 6 units for passing Math 176 or a total of 7 units for passing both Math 175 & Math 170.

Math Jam - Must be concurrently enrolled in either Math 170, 175, 176, or 178.

FREQUENTLY ASKED QUESTIONS

- 1 WHEN IS THE PROMISE DEADLINE?**
Two (2) weeks after the start of the semester. The semester deadlines are listed on the mycollegepromise.net website.
- 2 HOW ARE TUITION AND FEES PAID THROUGH THE PROMISE?**
After registering for classes, there are two (2) ways the Promise can pay your tuition and mandatory fees.

OPTION 1: Do NOT PAY at the time of registration.
Tuition and mandatory fees will be **paid for by the Promise**, after the deadline. Students can attend classes and will not be dropped for nonpayment.

OPTION 2: PAY at the time of registration.
Tuition and mandatory fees **will be automatically reimbursed**, after the deadline.
- 3 WHO IS ELIGIBLE FOR THE PROMISE?**
Students who are CA residents or AB540 are eligible. The Grossmont-Cuyamaca College Promise is not just for recent high school graduates. There is no age limitation.
- 4 IS THE PROMISE ELIGIBILITY DETERMINED BY INCOME?**
No. Students must complete a Financial Aid Application (FAFSA or Dream Act), but do not have to qualify for Financial Aid to be eligible to receive the Promise.
- 5 DOES THE PROMISE PAY FOR SUMMER CLASSES?**
No. However, grades from Summer classes will count towards maintaining a cumulative 2.0 GPA requirement.
- 6 CAN STUDENTS START IN THE SPRING AND RECEIVE THE PROMISE?**
Yes, and if eligibility requirements are maintained, they would be eligible for the following Fall and Spring semesters (2nd year).
- 7 WHEN ARE STUDENTS NOTIFIED IF THEY ARE AWARDED?**
Two weeks after the semester deadline, via email.
- 8 HOW DO I CONTINUE TO REMAIN ELIGIBLE TO RECEIVE THE PROMISE EACH SEMESTER?**
Students must (1) maintain full-time (12-units, or reduced units for students approved for disability accommodation); (2) maintain a cumulative 2.0 GPA; and (3) submit the Financial Aid Application (FAFSA) each year. If each requirement is not met, students will no longer be awarded the Promise.

Face-to-Face (F2F)

Face-to-face (F2F) course activity occurs at Grossmont College's campus or a designated physical site. The course meetings occur at scheduled days and times. Coursework has due dates as set by the instructor, yet can be completed at any time before the due date according to an individual student's schedule. Quizzes or tests may have a shortened period (usually a week's time) during which students will need to complete them. grossmont.edu/online

- **Synchronous: Meets on specific days and times**

Partially Online (PO) / Hybrid (HYD)

Partially Online/Hybrid course activity occurs both online and face-to-face (F2F) on-campus. Both the online and on-campus portions are required. The on-campus meetings occur on scheduled days and times. All online content is delivered in a course management system (Canvas) and via online meetings (Zoom). grossmont.edu/hybrid

- **Includes both F2F on specific days/times and "WEB" portions**
- **Read the course section details carefully**

HyFlex

A HyFlex class section is taught on the same days and times, both on-campus and online. The instructor teaches this class section on campus while also engaging with students online. Students will have the flexibility to choose to either attend class in-person/on-campus or attend online via ZOOM. Some HyFlex sections may require in person class attendance for specific dates as listed in the schedule of classes. grossmont.edu/hyflex

STUDENT INFORMATION, POLICIES AND SERVICES

ACCESS TO EDUCATIONAL PROGRAMS

It is the policy of the Grossmont-Cuyamaca Community College District Governing Board that, unless specifically exempted by statute or regulation, every course, course section or class reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites as may be established pursuant to commencing with Section 55003 of Division 6, Chapter 2, Subchapter 1.

DISCLAIMER: CHANGES TO THE CLASS SCHEDULE

Grossmont-Cuyamaca Community College District and Grossmont College have made every reasonable effort to determine that everything stated in this schedule is accurate. Courses offered, together with other matters contained herein, are subject to change without notice and at the discretion of the administration of the Grossmont-Cuyamaca Community College District for matters related to student enrollment, level of financial support, or for any other reason. The District further reserves the right to add, amend or repeal any of their rules, regulations, policies and procedures.

WHO MAY ATTEND?

LEGAL RESIDENTS of the State of California who possess a high school diploma or equivalent or are over 18 years of age may attend Grossmont College.

HIGH SCHOOL STUDENTS may attend with the approval of the appropriate high school official, the approval of parent(s), and the approval of the college official.

NON-RESIDENTS may attend by paying the established tuition fee. A non-resident for tuition purposes is a student who has not established both physical presence and intent in California for more than one year immediately preceding the residence determination date for a term.

For more residency information please visit <https://www.grossmont.edu/admissions/residency/index.php>

HEALTH FEE

The Health and Wellness Center provides physical and mental health services to all enrolled students who have paid the health fee or have received a financially determined waiver for the health fee.

The mandatory health fee provides accident insurance for the protection of any student who may experience an injury while participating in a college sponsored credit or non-credit class, or other activity. The sponsored class or activity must be during a directly supervised, on-campus or school-related activity. The supervision of the sponsored class or activity must be by a member of the college staff at a college approved co-curricular activity or event.

Student insurance is secondary to any individual insurance. Information and referrals for care can be obtained in the Health and Wellness Center, Building 60, Room 130 (Inside Griffin Center) or by calling 619-644-7192 or the Health and Wellness website: <https://www.grossmont.edu/student-support/health-and-wellness/>

Note: Students who depend exclusively upon prayer for healing according to the teaching of a bona fide religious sect, denomination or organization may petition for an exemption from the health fee by submitting a written request to the Office of Student Affairs. Requests for exemption will be reviewed by the Dean of Student Affairs.

SMOKE-FREE CAMPUS

Grossmont College is a smoke-free/tobacco-free facility as stipulated in Board Policy 3570. Violation of this campus tobacco policy will result in appropriate student conduct action in place for both students and employees.

In accordance with AP 3570 "Smoking" means engaging in an act that generates smoke or vapor, such as possessing a lighted pipe; a lighted hookah pipe, operating an electronic cigarette or other electronic nicotine delivery system; a lighted cigar; a lighted cigarette of any kind; or lighting or igniting a pipe, a hookah pipe, a cigar, or a cigarette of any kind.

STUDENT REPRESENTATION FEE

The Student Representation Fee (SRF) is a voluntary \$2 fee collected to provide funds for the support of governmental affairs representatives who state their positions and viewpoints on behalf of Grossmont College students before city, county and district governments, and before offices and agencies of the state government. The first \$1 is provided to the local Associated Students to use for local advocacy, while the second \$1 is given to the recognized statewide student association to further on state advocacy and operational funding for that organization.

Associated Students serves as the official voice of students in the shared governance process at the College and maintains collaborative relationships with faculty, staff, and administrators, providing student perspectives that are considered at all levels of College and District decision-making.

The Student Senate for California Community Colleges (SSCCC) is a 501(c)(3) nonprofit charitable organization that provides students with opportunities to take an active role in higher education advocacy, policy development, and participatory governance. Title 5 §51023.7 grants students the right to participate in the development of those policies and procedures that significantly impact them and the SSCCC is the mechanism for students to participate statewide in policy development. The SSCCC is guided by the delegates from all California community colleges and is recognized as the official voice of the over 2.1 million students by the Board of Governors, legislature, governor, and other education stakeholders. The new funding source will provide the SSCCC with resources to provide greater sustainability, institutional memory, and transparency, as well as funds for student leadership and advocacy training. Recent initiatives have included lobbying for a tuition-free community college, addressing food and

housing insecurity, and providing greater educational access to low-income students.

The Student Representation fee waiver shall be applied online at the time of registration.

REPEATING CLASSES

Students may not repeat any class offered within the Grossmont-Cuyamaca Community College District in which they have previously received a grade of A, B, C or Pass (P).

NOTE: Some exceptions exist in the Exercise Science and Dance Departments. Please see the Exercise Science and Dance course listings for details.

CLASS ATTENDANCE

It is important to attend the first meeting of all classes. If students are unable to do so, the instructor should be notified. Failure to attend the first class may result in the student being dropped from the class. Regular attendance is expected of every student. A student may be dropped from class due to poor attendance when, in the judgement of the instructor, the student cannot benefit from further instruction. The student who has been absent due to illness or medical treatment should inform the instructor as to the cause of absence.

STUDENT WITHDRAWAL AND GRADE RESPONSIBILITY

You are held responsible for all classes for which you register. This includes attending all class sessions, being prompt in your attendance, and meeting instructor course requirements. If, for some reason, **you decide to withdraw from a class(es), it is your responsibility to withdraw properly.** You may drop classes by using Self-Service at www.grossmont.edu. The official date of withdrawal is the date by which the withdrawal form is filed with the Admissions and Records Office. If this is not done, you may receive a grade of "F" and all fees will apply.

If you are enrolled in classes past the last day to drop, you will receive a grade. This means you must receive a grade other than the "W." In order to avoid receiving a grade, you must officially drop your class(es) no later than the deadline.

For refund deadline, see calendar (inside front cover). Other short term courses have different deadlines.

STATE AUTHORIZATION FOR ENROLLMENT AT GROSSMONT COLLEGE

Federal and State regulations prohibit colleges from offering distance education to students residing in another state without prior approval from that state. Grossmont College does not currently have formal approval from other states to offer distance education to students who are not physically located in the state of California.

As a result, students who are enrolled at Grossmont College and have an out-of-state address must update their information with Admissions & Records using a California address and self-certify that they are physically living in California during that semester, in order to continue being enrolled and maintain any eligibility for federal aid. This is regardless of your documented residency status in Admissions & Records.

If you are a student who is physically located outside the state of California, you cannot enroll at our college. If we determine that you are not physically residing in the state of California you will be dropped from your classes before the beginning of the term.

If you have questions regarding this process or are having difficulty updating your address in the system, please email grossmont.residency@gcccd.edu for assistance.

WITHDRAWALS AND THE REPAYMENT OF FINANCIAL AID FUNDS

Students receiving federal financial aid, who **withdraw from all of their classes during the first 60% of a term**, will be required to repay a portion of the federal grants that they have received. That is because a student must “earn” their financial aid. Financial aid is “earned” for each day you are enrolled in the semester. Scholarship funds, Federal Work Study, and Cal Grant funds are not subject to this requirement.

Students who stay in classes more than 60% of the term likely won’t owe anything back to the federal government. For **Spring 2025** that means you must be enrolled and attending classes after **April 12, 2025**, to be eligible for all the financial aid you received. If you drop all of your classes before **April 12, 2025**, you may be billed for a portion of the Pell Grant, Direct Loan, and/or SEOG grant that you received in the spring.

Please note: If you fail all of your classes in a term, you are considered to have only earned 50% of the Pell, Direct Loan, and/or SEOG that you received and you will be billed for the amount you did not earn.

If you are required to repay funds to the federal government, you will be billed and you will have 45 days to repay the funds in full or to set up a repayment schedule. You will be ineligible for any further financial aid at any college in the United States if you fail to repay the funds in full or set up a repayment schedule and make repayments according to the repayment schedule. For more information, please go to <https://www.grossmont.edu/financial-aid/index.php>.

PREREQUISITES

A **prerequisite** is a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.

A **corequisite** is a condition of enrollment consisting of a course that a student is required to simultaneously take in order to enroll in another course.

An **advisory on a recommended preparation** is a condition of enrollment that a student is advised, but not required, to meet before, or in conjunction with, enrollment in a course or educational program.

All courses shall be open for enrollment to any student who has been admitted to the college, except that students may be required to meet necessary and valid prerequisites. In addition, the District may also limit enrollment in a course based on health and safety considerations, facility limitations, or legal requirements imposed by statute or regulations.

A student who does not meet a prerequisite or corequisite or who is not permitted to enroll due to a limitation on enrollment but who provides satisfactory evidence may seek entry into the course as follows:

1. If space is available in a course when a student files a challenge to the prerequisite or corequisite, the college shall reserve a seat for the student and resolve the challenge within five (5) working days. If the challenge is upheld or the college fails to resolve the challenge within the five (5) working day period, the student shall be allowed to enroll in the course.

If no space is available in the course when the challenge is filed, the challenge shall be resolved prior to the beginning of registration for the next term and, if the challenge is upheld, the student shall be permitted to enroll if space is available when the student registers for that subsequent term.

2. Grounds for challenge are:
 - a. The prerequisite or corequisite has not been established in accordance with the college’s process for establishing prerequisites and corequisites;
 - b. The prerequisite or corequisite is in violation of Title 5 regulations (Section 55002);
 - c. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
 - d. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
 - e. The student will be subject to undue delay in attaining the goal of his or her Student Educational Plan because the prerequisite or corequisite course has not been made reasonably available. If other courses are available which meet the same requirement, the student is not being delayed. There is no obligation to honor the student’s preference.

GRADING PROCEDURE

When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course, and the determination of the student's grade by the instructor in the absence of mistakes, fraud, bad faith or incompetency, shall be final (Section 76224 California Education Code).

ACADEMIC INTEGRITY

The faculty, administration, and staff of Grossmont College, in creating a culture of academic excellence, value honesty and integrity in all aspects of learning, working, and participating in the college community. Moreover, we believe that those who value learning would never view cheating (copying or otherwise presenting work that is not one's own) and plagiarism (presenting another writer's ideas, materials, images, or words as one's own without proper citation) as viable choices within an academic environment. It is incumbent on faculty, in particular, to communicate expectations to students with regard to academic honesty in each class, and it is the responsibility of each student to understand the actions and behaviors that constitute cheating or academic dishonesty within each class as well as in other venues on campus. Students are encouraged to ask questions of their instructors and are expected to read the college's statement on Academic Fraud (located in the class schedule). Penalties for actions inconsistent with classroom, library, and college expectations for academic integrity range from a failing grade on an assignment, exam, or project (which may lead to a failing grade in the course) to, under certain conditions, suspension, or expulsion from a class, program, or the college. For more information, please consult with your instructor or contact the office of the Dean of Student Affairs.

ACADEMIC FRAUD

The college is an academic community with high standards, and its teaching, learning and service purposes are seriously disrupted and subverted by academic fraud. All students at Grossmont College are expected to comply with the institution's high standards of academic integrity and avoid instances of dishonesty at all times. Such acts of dishonesty include cheating, plagiarism, fraud, false citations or data, and the fraudulent use of Internet resources.

Students are not to commit academic fraud, which is a form of cheating, lying and stealing. It is a serious violation of the Student Code of Conduct, as published in the catalog. The intent of this document is to increase student awareness as to what academic fraud is, to provide strategies to avoid the situations, and to explain the consequences of committing academic fraud. The faculty and administration expect students to have a responsible and sincere commitment to academic integrity during the performance of their instructional activities and completion of assignments or requirements.

Academic fraud includes, but is not limited to, the following situations:

***Plagiarism:** Using someone else's ideas or work without proper or complete acknowledgement. Plagiarism encompasses many things, and is by far the most common manifestation of academic fraud. For example, copying a passage straight from a book into a paper without quoting or explicitly citing the source is plagiarism. In addition, completely rewording someone else's work or ideas and using it as one's own is also plagiarism. It is very important that students properly acknowledge all ideas, work, and even distinctive wording that are not their own. Students who are unsure of how or when to properly acknowledge sources are encouraged to consult their instructor.

***Cheating:** Copying of any test or quiz question or problem, or work done in a class that is not the student's own work. It also includes giving or receiving unauthorized assistance during an examination whether it was intentional or not. Obtaining or distributing unauthorized information about an exam before it is given is also cheating, as is using inappropriate or unallowable sources of information during an exam. To avoid unintentional copying of work, students should cover their own exams and quizzes, and not leave a test or quiz on the desk where another student may be tempted to look at it.

***Multiple Submission:** Use of work previously submitted at this or any other institution to fulfill academic requirements in another class. For example, using a paper from an English 126 Creative Writing class for a Sociology 138 Social Psychology class is Academic Fraud. Slightly altered work that has been resubmitted is also considered to be fraudulent. With prior permission, some professors may allow students to complete one assignment for two classes. In this case, prior permission from both instructors is absolutely necessary.

***False Citation:** Falsely citing a source or attributing work to a source from which the referenced material was not obtained. A simple example of this would be footnoting a paragraph and citing a work that was never utilized.

***False Data:** Fabrication or alteration of data to deliberately mislead. For example, changing data to get better experiment results is Academic Fraud. Instructors and tutors in lab classes will often have strict guidelines for the completion of labs and assignments. Whenever in doubt about what may be considered Academic Fraud, students should immediately consult with the instructor.

***Plagiarism via the Internet:** Occurring with more and more frequency, and taking a number of different forms. As should be obvious, purchasing research papers on the Internet and submitting them as a student's own work constitutes a gross case of plagiarism. Cutting and pasting from a web site without putting the text being used in quotation marks and/or without properly citing the source also constitutes plagiarism. Posting stolen tests online and/or accessing such tests is cheating. Also students should be aware that while many web sites provide reliable information, others may not include well-documented research. Students should be sure to check facts using a variety of different types of resources in order to ensure accuracy.

***Intentional Deception:** Submission of false documentation (absence excuse, proof of attendance, volunteer hours, etc.) for falsifying any official college record. A student who misrepresents facts in order to obtain exemptions from course requirements has committed an act of intentional deception and may also be subject to the consequences listed below. It is best for a student to do the work as required in a course or speak to the instructor about circumstances that may cause problems in completing forms correctly or honestly.

***Artificial Intelligence (AI):** Use of AI resources must be cleared with the course instructor prior to use in a particular course. Text directly copied from AI sites must be treated as any other direct quote and properly cited. Other uses of AI must be clearly described as part of the assignment.

Students who engage in academic fraud will be subject to authorized penalties at the discretion of the instructor of record in the class. Such penalties may range from a failing grade on an assignment, exam, or project (which may lead to a failing grade in the course) to, under certain conditions, suspension, or expulsion from a class, program, or the college. For more information contact the office of the Vice President of Student Services or the Dean of Student Affairs.

It is worthwhile to note the California Education Code Section 76224(a) states:

"When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the faculty member of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final."

The foregoing language indicates that the instructor has sole and final authority in awarding grades based on his/her determination of the quality of the student's work in the course. Faculty are strongly encouraged to directly report all students found to be in violation of the college standards for academic integrity to the Dean of Student Affairs.

For further clarification and information on these issues, please contact the Office of Student Affairs at (619) 644-7600.

PROHIBITION OF HARASSMENT

(Administrative Procedures/Board Policy 3430)

The Grossmont-Cuyamaca Community College District (District) is committed to providing an academic and work environment free from harassment. This procedure defines sexual harassment and other forms of harassment on District property, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff or faculty member or student within the District.

This procedure protects students and employees in connection with all the academic, educational, extracurricular, athletic, and other programs of the District, whether those programs take place in the District's facilities, a District bus or van, or at a class or training program sponsored by the District at another location. The procedure below is based, but may not be limited on the following definitions:

Definitions

General Harassment: Harassment based on ethnic group identification, race, color, national origin, religion, sex or gender, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, gender, gender identity, gender expression, military or veteran status, age, or sexual orientation of any person, or the perception that a person has one or more of these characteristics is illegal and violates District policy. Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment. For example, repeated derisive comments about a person's competency to do the job, when based on that person's gender, could constitute gender-based harassment. Harassment comes in many forms, including but not limited to the following conduct:

- **Verbal:** Inappropriate or offensive remarks, slurs, jokes, or innuendoes based on a person's race, gender, sexual orientation, or other protected status. This may include, but is not limited to, inappropriate comments regarding an individual's body, physical appearance, attire, sexual prowess, marital status, or sexual orientation; unwelcome flirting; verbal abuse, threats, or intimidation; or sexist, patronizing, or ridiculing statements that convey derogatory attitudes based on gender, race nationality, sexual orientation, or other protected status.
- **Physical:** Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling, or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person's gender, race, national origin, sexual orientation, or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.
- **Visual or Written:** The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other protected status. This may include, but is not limited to, posters, cartoons, drawings, graffiti, reading materials, computer graphics, or electronic media transmissions.

- **Environmental:** A hostile academic or work environment exists where it is permeated by sexual innuendo; insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation, or other protected status; or gratuitous comments regarding gender, race, sexual orientation, or other protected status that are not relevant to the subject matter of the class or activities on the job. A hostile environment can arise from an unwarranted focus on sexual topics or sexually suggestive statements in the classroom or work environment. It can also be created by an unwarranted focus on, or stereotyping of, particular racial or ethnic groups, sexual orientations, genders, or other protected statuses. An environment may also be hostile toward anyone who merely witnesses unlawful harassment in his or her immediate surroundings, although the conduct is directed at others. The determination of whether an environment is hostile is based on the totality of the circumstances, including such factors as the frequency of the conduct, the severity of the conduct, whether the conduct is humiliating or physically threatening, and whether the conduct unreasonably interferes with an individual's learning or work.

Sexual Harassment: In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other conduct of a sexual nature when:

- Submission to the conduct is made a term or condition of an individual's employment, academic status, or progress;
- Submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual;
- The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment; or
- Submission to, or rejection of, the conduct by the individual is used as the basis for any for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the community college.

This definition encompasses two kinds of sexual harassment:

- "Quid pro quo" sexual harassment occurs when a person in a position of authority makes educational or employment benefits conditional upon an individual's willingness to engage in or tolerate unwanted sexual conduct.
- "Hostile environment" sexual harassment occurs when unwelcome conduct based on a person's gender is sufficiently severe or pervasive so as to alter the conditions of an individual's learning or work environment, unreasonably interfere with an individual's academic or work performance, or create an intimidating, hostile, or abusive learning or work environment. The victim must subjectively perceive the environment as hostile, and the harassment must be such that a reasonable person of the same gender would perceive the environment as hostile. A single or isolated incident of sexual harassment may be sufficient to create a hostile environment if it is severe, i.e. a sexual assault.

Sexually harassing conduct can occur between people of the same or different genders. The standard for determining whether conduct constitutes sexual harassment is whether a reasonable person of the same gender as the victim would perceive the conduct as harassment based on sex.

Consensual Relationships

District employees are strongly discouraged from entering into or maintaining any romantic or sexual relationship with any student or employee over whom they exercise any academic, administrative, supervisory, evaluative, counseling, or extracurricular authority or influence.

There is an inherent imbalance of power and potential for exploitation in such relationships. A conflict of interest may arise if the administrator, faculty, or staff member must evaluate the student's or employee's work or make decisions affecting the employee or student. The relationship may create an appearance of impropriety and lead to charges of favoritism by other students or employees. A consensual sexual relationship may change, with the result that sexual conduct that was once welcome becomes unwelcome and harassing. In the event that such relationships do occur, the District has the authority to transfer any involved employee to eliminate or attenuate the supervisory authority of one over the other, or of a teacher over a student. Such action by the District is a proactive and preventive measure to avoid possible charges of harassment and does not constitute discipline against any affected employee.

Academic Freedom

The Governing Board reaffirms its commitment to academic freedom, but recognizes that academic freedom does not allow any form of unlawful discrimination or harassment. It is recognized that an essential function of education is a probing of opinions and an exploration of ideas that may cause some students discomfort. It is further recognized that academic freedom insures the faculty's right to teach and the student's right to learn.

Procedure Regarding Complaints of Harassment

Any person who believes that they are being harassed based on an actual or perceived protected characteristic such as ethnic group identification, race, color national origin, religion, age, gender, gender identity, gender expression, physical disability, mental disability, medical condition, genetic information, ancestry, sexual orientation, marital status, veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or the perception that a person has one or more of these characteristics may file a written complaint describing in detail the alleged violation. All complaints shall be signed and dated by the complainant and shall contain, to the best of the complainant's ability, the names of the individuals involved, the date(s) of the event(s) at issue, and a detailed description of the actions constituting the alleged violation.

The District may return without action any complaints that are inadequate because they do not state a clear allegation of harassment or violation of the anti-harassment policies.

The District shall investigate all complaints of harassment. To the extent practicable, a written determination on all accepted written complaints will be issued to the complainant within ninety (90) days of the filing of the complaint. The equal employment opportunity officer will forward copies of all written complaints to the State Chancellor's Office.

Employment

Complaints involving harassment in the course of employment or attempting to secure employment must be filed as soon as possible after the occurrence of an alleged violation and not later than sixty (60) days after such occurrence unless the complainant can verify a compelling reason for the District to waive the sixty (60) day limitation.

If an employee or applicant for employment feels they have been harassed and would like to file a complaint, complaint procedures can be found on the District's Equal Employment Opportunity website, or by contacting the office of the Vice Chancellor for Human Resources and Labor Relations.

Students and Visitors

Complaints alleging violations that do not involve hiring processes should be filed as soon as possible after the occurrence of an alleged violation.

Information on college complaint procedures can be located at <https://www.grossmont.edu/student-support/student-affairs/index.php> or by contacting the Office of Student Affairs at either college.
