Hope to implement training at the beginning of every academic year. | | 5.2 | <p>Committee Participation – Please look at call out emails and please submit request if it fits your schedule, otherwise, ask a colleague. Need faculty representation. | | <p>equity perspective. There is a lot of work that happens behind the scenes by a number of faculty. Will try to add spreadsheet to website so faculty can view which policies are being reviewed and by who in case they would like to provide feedback.</p> |
| <p>5.4</p> | <p>Other</p> <ul style="list-style-type: none"> • College Governance review – During College Council, Dr. Gable shared survey results and a timeline of review process taking place this academic year. Dr. Gable was unable to attend this meeting but will return on 9/20/21 to share information and collect feedback. • Web Advisor/Self-Service - Emails were received from faculty regarding issues with WebAdvisor/Self Service. Confusion and frustration with system. Both AS presidents met with Dr. Neault and shared concerns. Dr. Neault shared that she has hired a consultant to do an entire review of the registration process. Cindi Harris raised hand and requested opportunity to speak to consultant about personal experiences with system. Includes other faculty who have concerns. Pearl also shared that David Ogul has a website committee that will be reconvening to work on website. • Vision & Mission Statements - Will invite Dr. Ahrens to come to a Senate meeting to present. Cuyamaca has completed their statements. District waiting to update theirs after Grossmont is finished. • Brown Act – no final word on extension. Still in the process. No place on campus to meet in person safely with a 6-foot distance. • Refugees – No news on where Afghanistan refugees will be going in the US. Reminder of how things were when refugees from Iraq came to San Diego and Grossmont. A lot of confusion on how to serve students. Hopes Grossmont and faculty will be better prepared to support and understand students. • Reminder of Return to Campus webinar by Dr. Gable. May not be an opportunity for Chat. Recommend sending concerns to Graylin to make sure they are addressed. Question from faculty on how to support counseling faculty at webinar or otherwise. Pearl said she would consult with Maite to discuss how to support. |
| <p>8.3.2</p> | <p>Academic Affairs Extended Council – Marshall Fulbright & Pearl Lopez Introduction of Dr. Fulbright and Pearl’s experience working with him. Dr. Fulbright wants to create more opportunities to increase communication and collaboration with faculty. Introducing new committee. Information included with meeting agenda. Dr. Fulbright to speak more on the topic and respond to questions. Dr. Fulbright shared he wanted to create a space where academic topics can be considered and discussed. Is a former senator and vice president of the senate and familiar with items that are within the purview of faculty and administrators. An example shared regarding low enrolled courses and policies developed to decide cancellation of courses. Would like to include faculty input. Discussion would include having discussions brought back to senate for feedback prior to decisions being made. Collaboration, discussion, and mutual respect are important and imperative. Both administrators and faculty should discuss the development of a policy together. Not a shared governance committee. Focus on Academic Affairs matters with Deans and faculty and bringing in other people as necessary for input. There was a question in regard to Enrollment Strategies Committee, but this committee is already in place. Pearl mentioned again the plan to have faculty reps come back to give report on Enrollment Strategies Committee.</p> |

| 6 | Senate Officer's Committee Reports |
| 6.1 | <p>Vice-President: Steve Davis shared we do not yet have a volunteer for Chair of Chairs & Coordinators. Also shared meeting attended regarding mission and vision statement work. They are welcoming feedback on the revision of both.</p> <p>There was some objection to the terms equity and social justice. Steve shared that for those who felt it was politically charged or unfair, equity isn't about unfair or equal because we've never been fair or equal. It's about reaching out to students who have been historically ignored or prevented from participating in our educational system. We are making deliberate and intentional steps with a focus on our students of color.</p> |
| 6.2 | <p>Officers at Large:</p> <p>6.2.1- Sharon Sampson: Added ASCCC Link in chat for those interested in participating in statewide committees. Written report attached.</p> <p>6.2.2 - Liz Barrow: Hyflex teaching experience. Written report attached.</p> <p>6.2.3 - June Yang: No report</p> |

Will attach to minutes. Also, will be soliciting for new part-time faculty reps for the committee. Reintroduced the idea of a teaching and learning center. Would like feedback on how to bring to fruition. There are a lot of resources showing the benefits. Has received requests for new faculty orientation. Plans to bring it back. Finally, reminder of the part-time faculty handbook. Pearl suggested adding more time for these items in a future meeting.</p> |
