Dave Dillon, Grossmont Online Education Coordinator

# Agenda

- Update from Friday 1/27/23
- Home College 1/31/23
- Teaching College Fall '24
- Benefits and Concerns

Hi All,

I'm happy to report that Grossmont and Cuyamaca Colleges have met all of the requirements to become Home Colleges on the CVC Exchange!

Please confirm if you'd like us to enable both colleges in production today. Otherwise, we'll set the go live date as Tuesday, Jan 31.

As a reminder, as a Home College on the CVC Exchange, you and your team will use the [Admin Panel dashboard](#) to complete the following tasks:

- The Admissions & Records Office will validate a student's self-reported residency status.
- The Financial Aid Office will access enrollment reports for the purpose of determining student financial aid eligibility for combining units. You or your designee will also receive email notifications when a student adds or drops a course intended to be included for financial aid consideration.
- Additional training and resources for CVC Exchange Student Services processes can be found [here](#).

Please let me know if you have any questions.

Best,

Donna Miranda |
