Grossmont College Governance Review and Evaluation Fall 2021 (August 2021-January 2022)

Continuous review and evaluation of our governance and decision-making processes is critical to Grossmont College's efforts to ensure effective processes and participatory governance. As stated in the History section of the Grossmont College Governance and Decision-Making Handbook, "This handbook is the result of that work, and will be continuously updated as it, and the participatory governance system it describes, evolve over time. It will be reviewed on an annual basis by the College Council and its standing committees*, and updated as needed, per ACCIC standards".

Review and Evaluation Timeline for Fall 2021

Activity	Who	Outcome	Date(s)	Status
