## Grossmont College Governance Review and Evaluation Timeline Fall 2021/Spring 2022 (August 2021-May 2022)

Continuous review and evaluation of our governance and decision-making processes is critical to Grossmont College's efforts to ensure effective processes and participatory governance. As stated in the History section of the Grossmont College Governance and Decision-Making Handbook, "This handbook is the result of that work, and will be continuously updated as it, and the participatory governance system it describes, evolve over time. It will be reviewed on an annual basis by the College Council and its standing committees\*, and updated as needed, per ACCJC standards".

## **Review and Evaluation Timeline**
