

Grossmont College Mathematics AS-T Preparation for the Major

Mathematics - B.S. DEGREE

To receive admission preference to CSU's students can complete the AS-T in Mathematics. It is also important that students incorporate as much of the lower division course work found on the www.ASSIST.org articulation agreement as possible. In addition to degree requirements, students must complete CSU GE Certification or IGETC-CSU. It is important to meet with a Counselor for additional assistance.

All courses in the major must be **completed with a grade of "C" or higher**. A "P" (Pass) grade is acceptable for courses in the major for *Associate Degrees for Transfer*.

*SDSU accepts AS-T degrees in Mathematics (Science Emphasis only). This major will **not** have a foreign language competency requirement at SDSU. Check with a Counselor for applicability to other CSU's. The Mathematics AS-T requires a minimum 2.0 Cumulative G.P.A.*

Students applying with the AS-T in Mathematics will receive priority in the admissions process but are not guaranteed admittance into the CSU of their choice.

Admission is highly competitive for most CSU's. Students are strongly advised to go above and beyond minimum G.P.A requirements and apply for admission at multiple campuses.

Every effort has been made to ensure this information is accurate. However, the official documents are the current Grossmont College Catalog and San Diego State Catalog.
