OUR ADMISSIONS PROCESS IS:

Personal | Simplified | Affordable | Efficient

Simply put, we aspire to be “best in class.”

Tired of waiting?
Are nursing programs in California too competitive?
Is the cost of living too high?
Why not go out of state?

David Allen, Sr. Director — Community and Corporate Relations
for Orbis Education, will discuss the nursing programs available through
our 26 private, not-for-profit, regionally accredited educational partners.

He will share how our partners' programs are specifically designed
to offer greater access to high-quality nursing education;
and how these programs can accelerate your dream of becoming an RN.
