

# Trigonometry Review Workshops

Offered Remotely

**Friday, August 27, 10AM-11:30AM:**

<https://cccconfer.zoom.us/j/94456475704?pwd=cVY3cW9zOHh2Si9OM3dTWnlZd1diZz09>

**Wednesday, Sept 1, 12:30-1:45PM:**

<https://cccconfer.zoom.us/j/98325536037>

Has it been a while since you worked with sines, cosines, and all the other trig functions? Do you just need a refresher on trig?

Have you forgotten most or all of the trig identities?

Does your current class require you to know all these things?

These workshops are for you.

These workshops will include a review of the unit circle, reference angles, basic trig values, basic identities, and maybe some ways to remember trig without just memorizing.
